MEMORANDUM

TO: City Council

FROM: Lori A. Crouch, Public Relations Manager

COPIES TO: City Clerk, City Attorney

SUBJECT: Council Interests

DATE: January 8, 2016

I hope you all enjoyed the holiday season. You will find information on several Council Interest items and highlights of the week in today's memo.

Huntersville Pool – The city performed renovations to the Huntersville pool from October 2014 – September 2015. The work included weight room and locker room renovations, new family changing room and pool maintenance. The city spent \$569,043 on the work. Of this total, the City spent \$2,180 to correct a design or construction deficiency. Any other repairs or corrections were completed by the contractors at no additional cost to the City.

HRT Bus Stop – Hampton Roads Transit (HRT) planning and safety personnel reviewed the proposal to relocate the Route 21 bus stop at Little Creek and Restmere. The stop is currently located directly across from the Sewell's Park Apartments and Arbor Pointe Apartments. On average six passengers board and 26 passenger alight at the location. The bus stop has been at this location for a number of years. The location also meets the spacing and accessibility requirements for this route. The HRT assessment found relocating the stop would disrupt the spacing and cause the passengers who use the stop to travel farther to access it. The safety assessment found no safety issues with the current stop.

Fleet Manager Receives National Recognition - Facundo Tassara, Norfolk's Fleet Manager, was named one of the Top 20 government fleet managers in the country under 40 years old. Government Fleet Magazine will feature Tassara in its January 2016 edition.

Under Tassara's leadership, the National Automotive Fleet Association (NAFA) named Norfolk's Fleet Management Division in the Top 100 in North America earlier this year. Fleet Management's major accomplishments included locking in a fuel contract saving the City more than \$1.5 million, preventative maintenance program improvements saving \$61,000 and outsourcing tire operations saving \$49,500.

Tassara also launched Norfolk's first fleet of Compressed Natural Gas (CNG) cars. Six environmentally friendly Honda Civics hit the road recently. The vehicles will save the City nearly \$80,000 in fuel costs over the life of the cars and save approximately \$74,430 in fuel expenses at the current price of CNG.

Google Names Norfolk Virginia's 2015 eCity - The vibrant, authentic port city of Norfolk bustles on its streets and online. Google has named Norfolk as its 2015 eCity for Virginia. The award recognizes cities with strong online business communities – businesses that use the web to find new customers, connect with existing clients, and fuel their local economies.

Google based its results on examining economic value provided through Google's AdWords program. Other criteria included website and social media presence, blogging and e-commerce.

The award shows the robust economy, both real world and virtual, built by Norfolk businesses.

Downtown Norfolk Transit Center – Local and state leaders cut the ribbon on the new Downtown Norfolk Transit Center today. The new Center will serve as a destination and gateway to the region. Service starts January 17.

SUBJECT: Rezoning from R-8 (Single-Family) to Conditional R-9 (Single-Family) – 1510 Colon Avenue - DT Builders

DATE: January 8, 2016

On the January 26, 2016 public hearing agenda, City Council will be reviewing a request to rezone the property located at 1510 Colon Avenue from R-8 (Single-Family) to Conditional R-9 (Single-Family). This site is located within the Campostella neighborhood on Colon Avenue between Campostella Road and Wilson Road on land that has recently had a single-family home constructed on the western half of the property. The applicant acquired the property, demolished the existing house, and commenced construction of a new house on the western half of the site prior to seeking a rezoning in order to erect an additional house on the remaining eastern half of the site.

The site is currently zoned R-8 which requires a minimum lot width of 50 feet and a minimum lot size of 5,000 square feet. Approval of the rezoning to R-9 would allow the applicant to resubdivide the existing 87.5 foot wide lot into two lots, each with approximately 44 feet in width with less than 5,000 square feet in lot area per lot. While the direct impact – 6-foot narrower lots – may seem minimal, it begins to change the character of an area as well as sets a precedent for future requests.

There are several existing single-family houses along this block which could be acquired and demolished, and also rezoned to R-9 in order to permit two new houses on sites that currently only have one house. This type of development would further disrupt the existing character along Colon Avenue. Currently, the Campostella neighborhood is not considered a neighborhood in transition for which this type of character-changing development would be appropriate.

Planning staff recommended **denial** of the application because the rezoning request is inappropriate for this area given that the lot pattern consists predominately of lots that are larger and wider than lots permitted within the R-9 district.

The proposed development will result in two new lots being smaller than the majority of lots in the neighborhood, which could have a negative visual impact on the neighborhood. While the development of the new home will be required to go through the administrative design process, the home on the western portion of the parcel did not because of the manner in which the rezoning application was timed. The purpose of the “narrow lot” administrative design process is to help ensure that homes proposed on lots that are narrower than the predominate character are compatible with the surrounding architectural character of the neighborhood. This request is atypical of previous rezoning requests which normally include a proffer that both new homes will be required to obtain the zoning certificate.

Approval of a rezoning which is out of character with the existing lot pattern may establish an undesirable precedent for future inappropriate rezoning requests. A Lot-Pattern Analysis shows the following range of similar residential lots and their percentages within the area.

Lot Pattern Analysis (R-8 to R-9)

Lot-Size Range	Within 1,000 feet radius		Along same block (Colon Avenue)	
	Number	Percentage	Number	Percentage
Lots in character with the proposal or smaller (Less than 50 ft. in width, or less than 5,000 sq. ft.)	39	34%	15	45%
Lots in character with the existing R-8 zoning (Greater than or equal to 50 ft. in width, and greater than or equal to 5,000 sq. ft. of lot area)	75	66%	18	55%

The applicant appeared before the Campostella Civic League on November 9th to present the proposal to the community. A letter was received from the civic league which expressed that the civic league voted to **deny** the rezoning application.

After conducting a duly advertised public hearing on December 10, 2015, at which the applicant provided comments, the City Planning Commission voted **5 to 1** to recommend **denial** of the application. The majority voted for denial based on staff recommendation of denial, neighborhood opposition and the incompatibility of the proposal with the existing character of the neighborhood. The minority voted for approval based on the desire to allow more development to occur within the neighborhood.

Re: Washington, DC to Richmond Southeast High Speed Rail Project Tier II EIS – Norfolk Comments

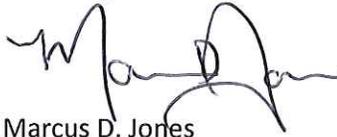

Dear Ms. Mitchell and Ms. Stock,

The City of Norfolk appreciates the opportunity to comment on the Richmond to Washington DC Tier II EIS. Norfolk fully supports the efforts that the Department of Rail and Public Transportation (DRPT) has undertaken to complete the Tier II EIS and its desire to construct faster, more efficient and reliable service from DC to Richmond as funding becomes available. This corridor is critical to the movement of passengers and freight through Virginia. These are exciting times for rail service in the Commonwealth.

Norfolk is expressing our interest in DRPT's commitment to advancing the Tier II EIS from Richmond to Norfolk. The Tier I for this service was completed in 2012 and the delivery of the additional conventional intercity passenger rail service utilizing existing Commonwealth investments. There are conventional intercity passenger rail frequencies attached to the paid improvements that are still waiting to be completed with two additional daily round trip trains Richmond to Norfolk. There is also one additional intercity passenger train to Newport News to come with later investment. I would like to express the necessity of providing this rail service Richmond to Norfolk and to Newport News prior to the commencement of any new service from Petersburg to North Carolina. It is imperative that the Tier II for the Norfolk connection coincide with the Washington to Richmond Tier II in order to provide seamless and equal service all the way from Washington to Norfolk and eventually into North Carolina. These services are an essential part of the Southeast High Speed Rail Corridor and a vital link for passenger service in our region, the largest urbanized area outside of Northern Virginia.

Thank you for all your efforts to expand rail service in Virginia. Please let me know if there is anything that Norfolk can do to support your work. I look forward to working with you to support the endeavor of additional passenger rail service in Virginia.

Sincerely,

The CAFR contains various other financial and statistical information that we were not engaged to audit, and accordingly, is not covered in our opinion. Our responsibility for other information in documents containing the City's financial statements and our auditors' report thereon does not extend beyond the financial information identified in our auditors' report, and we have no obligation to perform any procedures to corroborate other information contained in these documents. We have, however, read the other information included in the City's CAFR, and no matters came to our attention that cause us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Accounting Practices and Alternative Treatments

Significant Accounting Policies

The significant accounting policies used by the City are described in note 1 to the financial statements. As described in the financial statements, in order to comply with the requirements of U.S. generally accepted accounting principles, the City adopted GASB 68, *Financial Reporting for Pensions*, and GASB 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*.

Qualitative Aspects of Accounting Practices

We have discussed with the City Council and management our judgments about the quality, not just the acceptability, of the City's accounting principles as applied in its financial reporting. The discussions generally included such matters as the consistency of the City's accounting policies and their application, and the understandability and completeness of the City's financial statements, which include related disclosures.

Management Judgments and Accounting Estimates

The preparation of the financial statements requires management of the City to make a number of estimates and assumptions relating to the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period.

Self-Insurance Liabilities

Management's estimates of self-insurance liabilities of workers' compensation claims, general liabilities, and employer sponsored healthcare benefits are based upon reviews of claims listing, actuarial analyses of external actuaries, and historical trends.

City of Norfolk, Virginia

Retirement Obligations

Management's estimates of pension liabilities and other postemployment obligations are based upon current and retiree payroll, demographic information, and actuarial analyses of external actuaries.

We have evaluated key factors or assumptions used to develop significant accounting estimates, including possible management bias in developing the estimates, and determined that they were reasonable in relation to the financial statements taken as a whole.

Corrected Misstatements

During the course of our audit, we identified and discussed with management immaterial financial statement misstatement that were corrected by the City. Attached is a copy of the corrected misstatements that have been discussed with management and corrected by the City.

Disagreements with Management

There were no disagreements with management on financial accounting and reporting matters that would have caused a modification of our auditors' reports on the City's financial statements, except as follows.

Management's Consultation with Other Accountants

To the best of our knowledge, management has not consulted with or obtained opinions, written or oral, from other independent accountants during the year ended June 30, 2015.

Significant Issues Discussed, or Subject to Correspondence, with Management

Major Issues Discussed with Management prior to Retention

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to our retention by City Council as the City's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

2. School Board of the City of Norfolk

7. Agreed upon procedures for the Norfolk Sheriff's Office Jail Canteen Fund, as required by the Auditor of Public Accounts (APA), Commonwealth of Virginia, specifications for Counties, Cities and Towns
8. Agreed upon procedures with respect to selected records and transactions pertaining to the Campostella Landfill to comply with the Local Government Financial Test, financial component section of Va. Admin. Code §9 VAC20-70-210. Va.

The City and the Auditor agree that this Agreement shall not cover the audit of the following related organizations:

- Norfolk Redevelopment and Housing Authority;
- Norfolk Airport Authority; and
- The Chrysler Museum, Inc.

The Auditor is responsible for the issuance of separate, individual auditor's reports due no later than December 28, 2012 for the City's Water Utility Fund, the City's Wastewater Utility Fund, the City's Parking Facilities Fund, the School Board of the City of Norfolk, the Employees' Retirement System of the City of Norfolk, the Economic Development Authority of the City of Norfolk, and the Norfolk Community Services Board.

The objective of an audit is the expression of the Auditor's opinion as to whether the financial statements fairly present, in all material respects, the financial position, results of operations and cash flows of the proprietary and similar trust funds of the City, the School Board of the City of Norfolk, the Employees' Retirement System of the City of Norfolk, the Economic Development Authority of the City of Norfolk, and Norfolk Community Services Board.

The objective of an audit is the expression of the Auditor's opinion as to whether the financial statements, that have been prepared by management with the oversight of those charged with governance, fairly present, in all material respects, the financial position, results of operations and cash flows of the proprietary and similar trust funds of the City, the School Board of the City of Norfolk, the Employees' Retirement System of the City of Norfolk, the Economic Development Authority of the City of Norfolk, and Norfolk Community Services Board. Should the City wish to include or incorporate by reference the financial statements and the Auditor's report(s) thereon into an offering of exempt securities, prior to the Auditor consenting to include or incorporate by reference the Auditor's report(s) on the financial statements, the Auditor would consider consenting to the inclusion of the Auditor's report(s) and the terms thereof at that time. The Auditor will be required to perform procedures as required by the standards of the American Institute of Certified Public Accountants, including, but not limited to, reading other information incorporated by reference in the offering document and performing subsequent event procedures. The Auditor reading of the other information included or incorporated by reference in the offering document will consider whether such information, or the manner of its presentation, is materially inconsistent with information, or the manner of its presentation, appearing in the financial statements. However, the Auditor will not perform procedures to corroborate such other information (including forward-looking statements). The specific terms of future services with respect to future offering documents will be determined at the time the services are to be performed.

Should the City wish to include or incorporate by reference financial statements and the Auditor's report(s) thereon into an offering of exempt securities without obtaining consent to include or incorporate by reference the Auditor's report(s) on financial statements, and the Auditor is not otherwise associated with the offering document, then the City agrees to include the following language in the offering document:

"KPMG LLP, our independent auditor, has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. KPMG LLP also has not performed any procedures relating to this official statement."

Additionally, if and when the City, the School Board of the City of Norfolk, the Employees' Retirement System of the City of Norfolk, Economic Development Authority of the City of Norfolk, and the Norfolk Community Services Board intend to publish or otherwise reproduce the aforementioned financial statements and make reference to the name of the Auditor's firm or to its audit, the City agrees to provide the Auditor with printer's proofs or masters for the Auditor's review and consent before printing. The City, the School Board of the City of Norfolk, the Employees' Retirement System of the City of Norfolk, Economic Development Authority of the City of Norfolk, and the Norfolk Community Services Board also agrees to provide the Auditor with a copy of the final reproduced material when distributed. The fee structure for these additional services is described in the **NINETEENTH** section of this Agreement

The Auditor also will read the other information included in the Comprehensive Annual Financial Report (CAFR) of the City, the School Board of the City of Norfolk, and the Employees' Retirement System of the City of Norfolk in which the financial statements are presented and consider whether such information, including the manner of its presentation, is materially consistent with information appearing in the financial statements. However, the Auditor will not provide an opinion on the Introductory Section, Management's Discussion and Analysis or Statistical sections of the CAFR for the City, the School Board of the City of Norfolk, or the Employees' Retirement System of the City of Norfolk. (Note: This paragraph also applies to official statements, which include the audited financial statements.)

We cannot provide assurance that unqualified opinions will be rendered. If, during the performance of our audit procedures, circumstances arise which make it necessary to modify our report or withdraw from the engagement, we will communicate to the City Council and related Audit Committee our reasons for withdrawal.

The audits shall be conducted and the audit reports shall be prepared and issued pursuant to the following requirements:

1. Governmental Accounting Standards Board;
2. Auditing standards generally accepted in the United States of America;
3. Government Auditing Standards issued by the U.S. Comptroller General;
4. The provisions of the Office of Management and Budget (OMB) *Compliance Supplement for Single Audits of State and Local Governments*;

5. Guidelines set forth in OMB Circular A-133, Audits of State, Local Governments and Non-Profit Organizations;
6. Single Audit Act, as amended;
7. The Auditor of Public Accounts (APA), Commonwealth of Virginia, Uniform Financial Reporting Manual;
8. The Auditor of Public Accounts (APA), Commonwealth of Virginia, Specifications for Audits of Counties, Cities and Towns;
9. The Auditor of Public Accounts (APA), Commonwealth of Virginia, Specifications for audits of Counties, Cities and Towns;
10. AICPA Audit and Accounting Guide for Health Care Organizations, and the Specifications for Audits of Authorities, Boards and Commissions issued by the APA, Commonwealth of Virginia;
11. Financial Management Standards Guide issued by Virginia Department of Mental Health, Mental;
12. Virginia Administrative Code § 9 VAC20-70-210.

Those standards, circulars, supplements or guides require that the Auditor plan and perform the audit to obtain reasonable, but not absolute, assurance about whether the financial statements are free of material misstatement whether caused by error, fraud or misappropriation of assets. Absolute assurance is not attainable because of the nature of audit evidence and the characteristics of fraud. Therefore, there is a risk that material errors, fraud (including fraud that may be an illegal act), and other illegal acts may exist and not be detected by an audit of financial statements performed in accordance with the auditing standards generally accepted in the United States of America. Also, an audit is not designed to detect matters that are immaterial to the financial statements, and because the determination of abuse is subjective, *Government Auditing Standards* does not expect auditors to provide reasonable assurance of detecting abuse. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. The Auditor believes that the audit will provide a reasonable basis for the Auditor's reports.

In planning and performing our audit of the financial statements, the Auditor will consider the City's internal control over financial reporting as a basis for designing audit procedures for the purpose of expressing an opinion on the financial statements and not to provide an opinion on the effectiveness of the City's internal control over financial reporting. In accordance with *Government Auditing Standards*, the Auditor is required to communicate that the limited purpose of our consideration of internal control may not meet the needs of some users who require additional information about internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, the Auditor will perform tests of the City's compliance with certain

provisions of laws, regulations, contracts and grant agreements, violations of which could have a direct and material effect on the financial statements. However, our objective is not to provide an opinion on compliance with such provisions.

In accordance with *Government Auditing Standards*, the Auditor will prepare a written report, *Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards* (GAGAS report), on our consideration of internal control over financial reporting and tests of compliance made as part of our audit of the financial statements. While the objective of our audit of the financial statements is not to report on the City's internal control over financial reporting and the Auditor is not obligated to search for significant deficiencies or material weaknesses as part of our audit of the financial statements, this report will include any significant deficiencies and material weaknesses to the extent they come to our attention. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected on a timely basis. This report will also include illegal acts and fraud, unless clearly inconsequential, and material violations of abuse and provisions of contracts and grant agreements. It will indicate that it is intended solely for the information and use of the audit committee and management of the City and federal awarding agencies and pass-through entities and that it is not intended to be and should not be used by anyone other than these specified parties.

In accordance with *Government Auditing Standards*, the Auditor will also issue a management letter to communicate violations of provisions of contracts or grant agreements or abuse that has an effect on the financial statements that is less than material but more than inconsequential that comes to our attention.

In accordance with *Government Auditing Standards*, the Auditor is also required in certain circumstances to report fraud or illegal acts directly to parties outside the City. The Auditor will report to the City Auditor, the City Director of Finance, and the Norfolk Public Schools Associate Superintendent of Finance immediately any material errors, fraud or violations that comes to its attention during the course of the audits.

In accordance with *Government Auditing Standards*, as part of our planning of the audit the Auditor will evaluate whether the City has taken appropriate corrective action to address findings and recommendations from previous engagements that could have a material effect on the financial statements. To assist us, management agrees to identify previous audits, attestation engagements, or other studies that relate to the objectives of the audit, including whether related recommendations have been implemented, prior to June 30, 2012.

The above audits shall include an audit of the records maintained for federal financial assistance programs, including all funds received from the Commonwealth of Virginia, in accordance with the Single Audit Act, and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. With respect to the federal and state financial assistance programs in which the City participates, the City will prepare the Schedule of Expenditures of Federal Awards.

The City's audits shall also include, if material, the accounts and records of the constitutional officers, with the exception of the Clerk of the Circuit Court's revenues and the constitutional officers' collection of state funds for the Commonwealth of Virginia.

The Auditor will perform agreed-upon procedures relative to the financial component, financial ratios and other requirements of the below mentioned regulation and issue a report regarding the City of Norfolk's statement of its compliance with Department of Environmental Quality regulations related to the Local Government Financial Test requirements for municipal landfills, as specified in Va. Admin. Code §9 VAC20-70-210 for the year ended June 30, 2005. Thereby, the Auditor shall perform specific procedures for the City of Norfolk with respect to selected records and transactions that will be reviewed on the Campostella Landfill to comply with the Local Government Financial Test, financial component section of Va. Admin. Code §9 VAC20-70-210.

The agreed-upon procedures projects included in this contract will be performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of the specified users (e.g., the City and the Commonwealth of Virginia) of the reports. Consequently, the Auditor makes no representation regarding the sufficiency of the procedures either for the purpose for which our report is being prepared or for any other purpose.

Because the agreed-upon procedures referred to above do not constitute an audit, the Auditor will not express an opinion on any of the items. The reports will include a statement to that effect. In addition, the Auditor has no obligation to perform any procedures beyond those referred to in the reports.

The reports will include a list of the procedures performed and the related findings. The reports will also contain a paragraph indicating that had the Auditor performed additional procedures, other matters might have come to its attention that would have been reported to you. The Auditor has no responsibility to update the reports for events and circumstances occurring after the date of such report.

The reports are intended solely for the use of the specified users, and are not intended for use by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. If the City requests that additional specified users of the report be added, the Auditor will require that they acknowledge, in writing, their agreement with the procedures and their responsibility for the sufficiency of the procedures for their purposes.

If the Auditor is unable to complete the agreed-upon procedures projects referred to above, we will discuss the matter with the City during the engagement. In such circumstances, the Auditor may conclude that cannot issue a report as a result of the engagement.

Because of the importance of management's representations to the effective performance of our services, the City hereby releases KPMG and its personnel from and against any claims, liabilities, costs, and expenses relating to our services under this agreement attributable to any misrepresentations in the representation letter. In accordance with the foregoing release, KPMG shall not be responsible for any damages suffered or incurred by the City that are attributable to any misrepresentations in the representation letter or any damages that are punitive in nature, or

that are not measured by the City's actual damages. The provisions of this paragraph shall apply regardless of the form of action, damage, claim, liability, cost, expense, or loss asserted, whether in contract, statute, tort (including but not limited to negligence) or otherwise.

To the extent permitted by law, the City will indemnify, defend, and hold KPMG and its personnel harmless from and against any and all claims, liabilities, costs, and expenses asserted against KPMG by any third party to the extent resulting from or attributable to that party's use or possession of, or reliance upon, KPMG's report or other reference to KPMG's services hereunder as a result of City's disclosure of such report or reference thereto other than to the specified user(s). The foregoing indemnification obligation shall apply regardless of whether the third party claim alleges a breach of contract, violation of statute or tort (including without limitation negligence) by KPMG.

KPMG-controlled entities and KPMG member firms located outside the United States operating under the Auditor's supervision may also participate in providing the services described in this agreement, and the Auditor uses administrative services operating at our direction, including third parties inside and outside the U.S., that may access your information to perform administrative and clerical procedures. The Auditor is satisfied that they have appropriate procedures in place, including confidentiality agreements, to prevent the unauthorized release of the City's confidential information to others.

The Auditor is a limited liability partnership comprising both certified public accountants and certain principals who are not licensed as certified public accountants. Such principals may participate in the engagements to provide the services described in this letter.

The management of the City of Norfolk, the School Board of the City of Norfolk, the Employees' Retirement System of the City of Norfolk, the Economic Development Authority of the City of Norfolk, the Norfolk Community Services Board, and the Norfolk Sheriff are responsible for:

- 1) the preparation of their respective financial statements and supporting working papers, the schedule of federal awards, and jail canteen fund activity report, except as indicated otherwise in this Agreement;
- 2) establishing and maintaining effective internal control over financial reporting and compliance and safeguarding assets, and for informing the Auditor of all significant deficiencies in the design or operation of such controls of which they have knowledge, and internal control over compliance;
- 3) properly recording transactions in the records;
- 4) identifying and ensuring compliance with the laws and regulations applicable to their activities, and for informing the Auditor about all known material violations of such laws or regulations;
- 5) the design and implementation of programs and controls to prevent and detect fraud, and for informing the Auditor about all known or suspected fraud affecting the entity

- involving management, employees who have significant roles in the internal control and others where the fraud could have a material effect on the financial statements;
- 6) informing the Auditor of their knowledge of any allegations of fraud or suspected fraud affecting their respective entities received in communications from employees, former employees, regulators, or others;
 - 7) making all financial records and related information available to the Auditor;
 - 8) adjusting the financial statements to correct material misstatements;
 - 9) following up and taking corrective action on audit findings including the preparation of a summary schedule of prior audit findings and a corrective action plan;
 - 10) submitting the reporting package, and
 - 11) preparing the Comprehensive Annual Financial Report in accordance with GAAP as applicable.

The completion of items 1-11 above and the assistance described in the **FIFTH** section of this Agreement completely and accurately and in accordance with the deadlines established throughout this Agreement is essential to the ability of the auditor to complete the audit in accordance with the Agreement and failure to do so may result in additional billings related to such delays as discussed in the **TWELFTH** section of this Agreement.

SECOND: The Auditor will also perform audit procedures with respect to the City's major federal programs in accordance with the provisions of OMB Circular A-133 *Audits of States, Local Governments, and Non-Profit Organizations* (OMB Circular A-133). OMB Circular A-133 includes specific audit requirements, mainly in the areas of internal control and compliance with laws, regulations, contracts, and grant agreements that exceed those required by *Government Auditing Standards*.

As part of the audit procedures performed in accordance with the provisions of OMB Circular A-133, the Auditor will perform tests to evaluate the effectiveness of the design and operation of internal controls that it considers relevant to preventing or detecting material noncompliance with laws, regulations, contracts, and grant agreements applicable to each of the City's major programs. The tests of internal control performed in accordance with OMB Circular A-133 are less in scope than would be necessary to render an opinion on internal control.

Compliance with laws, regulations, contracts, and grant agreements applicable to federal programs is the responsibility of management. The Auditor will perform tests of the City's compliance with certain provisions of laws, regulations, contracts, and grant agreements THE AUDITOR determines to be necessary based on the *OMB Circular A-133 Compliance Supplement (Compliance Supplement)*. The procedures outlined in the *Compliance Supplement* are those suggested by each federal agency and do not cover all areas of regulations governing each program. Program reviews by federal agencies may identify additional instances of noncompliance.

As required by OMB Circular A-133, the Auditor will prepare a written report which provides an opinion on the schedule of expenditures of federal awards in relation to the City's financial statements. In addition, THE AUDITOR will prepare a written report (A-133 report) which 1) provides our opinion on compliance with laws, regulations, contracts, and grant agreements that could have a direct and material effect on a major federal program and 2) communicates our consideration of internal control over major federal programs. The A-133 report will indicate that it is intended solely for the information and use of the audit committee and management of the City and federal awarding agencies and pass-through entities and that it is not intended to be and should not be used by anyone other than these specified parties.

In compliance with OMB Circular A-133, the City shall prepare the summary schedule of prior audit findings and corrective action plan for inclusion in the CAFR, and the Data Collection Form for submittal to the federal clearinghouse designated as prescribed by OMB. This form states that the audit was completed in accordance with this circular, and provides information about the City, its federal programs, and the results of the audit. The Auditor shall review and complete applicable sections of the Data Collection Form, and certify the auditor submission

For the Employees' Retirement System, the financial statements will be provided based on an agreed upon schedule depending on the receipt of actuarial and other information required to complete the statements. The Auditor of Public Accounts, Commonwealth of Virginia requires final audited financial statements of Boards, Authorities and Commissions to be submitted to them no later than ninety (90) days following the fiscal year end.

The work papers for this engagement are the property of KPMG. In the event KPMG is requested pursuant to subpoena or other legal process to produce its documents and/or testimony

relating to this engagement for the City in judicial or administrative proceedings to which KPMG is not a party, the City shall reimburse KPMG at standard billing rates for its professional time and expenses, including reasonable attorney's fees, incurred in responding to such requests. The City Auditor will be informed of any subpoena or legal requests for access to the audit workpapers prior to making them available to requesting parties, unless such notification is prohibited by law or regulation.

The Comparative Cost Report Transmittal Forms and supporting workpapers shall be prepared by the City of Norfolk and shall be provided to the Auditor on a timely basis for review by November 30, 2012. The Auditor shall also provide an accompanying letter on agreed upon procedures to help the City assess whether the transmittal forms are in conformity, in all material respects, with specified requirements as set forth in the Auditor of Public Accounts, Commonwealth of Virginia's Uniform Financial Reporting Manual.

In the event of breach, default or failure to perform, this Agreement may be terminated if twenty (20) days written notice is given to the other party identifying the alleged breach, default, or failure to perform giving rise to the intent to terminate and the specified breach, default or failure to perform is not cured within the twenty-day period. This Agreement may be renewed by the City for up to three (3) additional one (1) year terms by written notice by the City to the Auditor under the same terms and conditions unless otherwise agreed upon in writing by the parties; however, annual fee increases are not to exceed four percent (4%) or the Consumer Price Index plus one percent (1%), whichever is lower, of sums contained in the **TWELFTH** paragraph may be agreed to in writing by the parties. The Auditor shall begin preliminary planning and fieldwork in connection with the performance of annual audit services at a mutually convenient time, with adequate working space to be made available to the Auditor during fieldwork.

FIFTH: The personnel of the City of Norfolk, the School Board of the City of Norfolk, the Employees' Retirement System of the City of Norfolk, the Economic Development Authority of the City of Norfolk, the Norfolk Community Services Board, and the Norfolk Sheriff shall provide reasonable assistance to the Auditor which will include, but not be limited to: (1) the preparation and proofing of drafts of the financial statements, schedules, working papers, account analyses and any other client assistance schedules as are currently being provided (except as specified herein); (2) such schedules, working papers, account analyses and any other client assistance schedules shall be provided on a computer disk file which can be converted to

One camera-ready copy of the City's CAFR shall be prepared by the City Controller, and submitted for print by November 30, 2012, time being of the essence in this Agreement. Should City personnel not comply with the deadlines specified in the **THIRD** section above, or otherwise not provide cooperation necessary for the Auditor to perform its services, the Auditor shall be permitted an extension of the deadline for completion of the fieldwork and workpaper review required in connection with the audits of the financial statements included in the CAFR. The length of the extension shall be subject to the written approval of the City Auditor, based on periodic consultation with the Director of Finance and the City Auditor on the status and progress of the audits, and shall be for a period of time commensurate with the time by which City personnel missed specific deadlines or otherwise caused the delay in the performance of services by the Auditor. The Auditor's Report on Agreed-Upon Procedures pertaining to the confirmation of compliance with the Department of Environment Quality Financial Assurance regulations for local governments who own or operate municipal solid waste landfills for the year ended June 30, 2012, will be provided to the Director of Finance and City Auditor no later than December 12, 2012 and will outline the procedures performed and findings and observations resulting from the procedures performed.

SEVENTH: As long as the personnel of the School Board of the City of Norfolk, the Economic Development Authority of the City of Norfolk, the Norfolk Community Services Board, and the Employees' Retirement System of the City of Norfolk, meet the deadlines specified in the **THIRD** section above, the Auditor shall endeavor to complete all essential fieldwork and workpaper review required in connection with the audits of the financial statements of the Economic Development Authority of the City of Norfolk and the Norfolk Community Services Board on or before October 24, 2012; the School Board of the City of Norfolk on or before November 30, 2012; the Employees' Retirement System of the City of Norfolk on or before December 12, 2012; and audit of the Norfolk Sheriff's Office Jail Canteen Fund on or before November 12, 2012. The final reports on the audited financial statements of the School Board of the City of Norfolk, the Economic Development Authority of the City of Norfolk, the Norfolk Community Services Board, and the Norfolk Sheriff's Office Jail Canteen Fund shall be delivered to these entities, the Director of Finance and the City Auditor on or before November 30, 2012. Should the scope of services expand for the work performed by the Auditor beyond provisions set forth in the **FIRST** section of this Agreement or the City and its entities do not meet the established deadlines related to preparation of workpapers and financial statements, additional compensation will be allowed in accordance with a mutually agreed upon written amendment to this Agreement, and subject to the authorization of the City Auditor, based on consultation with the City Director of Finance of the City of Norfolk or the Norfolk Public Schools Associate Superintendent of Finance of the Norfolk Public Schools, as applicable. The Auditor shall report all proposed expanded services or scope adjustments, with a reasonable estimate of billable hours priced at a negotiated hourly rate or fee not to exceed One Hundred Twenty Dollars (\$120) per hour and not less than One Hundred Dollars (\$100) per hour, on a weekly basis as the work progresses with respect to overages resulting from delays or missed deadlines and prior to the commencement of work for any other scope changes. Any billings for extended or expanded services or scope adjustments will be submitted to the City Auditor for written approval prior to payment. It is not anticipated that significant overages will occur.

THIRTEENTH: By January 31, 2013, upon completion of all annual audit services, the Auditor shall provide to the City Auditor and Director of Finance, under separate covers, a detailed report of employee hours utilized during the conduct of each entity's audit.

FOURTEENTH: That progress payments shall be made monthly, with total progress payments not to exceed Eighty percent (80%) of the amount set forth in the **TWELFTH** section above. Eighteen percent (18%) will be retained until the Auditor of Public Accounts, Commonwealth of Virginia, approves the City's CAFR or the expiration of thirty (30) days after the completed audit report has been delivered to the Auditor of Public Accounts, Commonwealth of Virginia, with the remaining Two percent (2%) balance paid upon completion of the continuing professional education seminar(s) as stated in the **EIGHTEENTH** section below.

FIFTEENTH: In the event the Auditor shall fail to properly perform each and every material provision of this Agreement, the City shall have the right to terminate this Agreement, in accordance with the procedure in the **FOURTH** section, above, or may cause said audits, or any of them, to be made and/or completed by another (other) certified public accountant(s) at the cost and expense of the Auditor, but only to the extent of any fees paid to the Auditor, and the City shall further have the right to apply any sum that may be due to the Auditor toward the payment of the cost and expense for making and/or completing the audits. Under such circumstance, the Auditor shall make available its working papers to the new auditor consistently with applicable professional standards. It is provided, however, that nothing contained in this Agreement will preclude the City from availing itself of any legal or equitable remedy in this event of a breach.

SIXTEENTH: The audit workpapers for this engagement are the property of the Auditor and constitute confidential information. The City Auditor will be informed of any subpoena or legal requests for access to the audit workpapers prior to making them available to requesting parties, unless such notification is prohibited by law or regulation.

The Auditor, as well as all other major accounting firms, participates in a "peer review" program, covering audit and accounting practices. This program requires that once every three years the Auditor subjects its quality assurance practices to an examination by another accounting firm. As part of the process, the other firm will review a sample of the Auditor's work. It is possible that the work the Auditor performs for the City may be selected by the other firm for review. If it is, they are bound by professional standards to keep all information confidential. The City does not object to having the work the Auditor performs being reviewed by the peer reviewer.

In the event the Auditor is requested pursuant to subpoena or other legal process to produce its documents relating to this engagement for the City in judicial or administrative proceedings to which the Auditor is not a party, the City shall reimburse the Auditor at the billing rates included in Section Twelve for its professional time and expenses, including reasonable attorney's fees, incurred in responding to such requests. The Auditor shall retain the audit workpapers and copies of the audit reports for a minimum of three years from the date of the audit reports unless the Auditor is notified in writing by the cognizant federal agency of the need to extend the retention period. The completed audit workpapers shall be made available pursuant to authority given to it by law or regulation upon request from the cognizant federal agency (Department of Housing and Urban Development) or its designees, the U. S. General Accounting Office or its designees, the Auditor of Public Accounts, Commonwealth of Virginia or the City Auditor. If requested, access to such working papers will be provided under the supervision of the Auditor's personnel. Furthermore, upon request, the Auditor may provide photocopies of selected working papers to the above-mentioned agencies. The agencies may intend, or decide, to distribute the photocopies or information contained therein to others, including other governmental agencies.

Should the Auditor not be hired to perform the audit for the next year, the Auditor is to make available audit workpapers to the successor auditor hired by the City consistently with applicable professional standards.

During the course of the engagement, the Auditor may accumulate records, i.e., account analysis, schedules, bank reconciliations, etc., containing data which should be reflected in the City's books and records. The City will determine that all such data, if necessary, will be so reflected. Accordingly, the City does not expect the Auditor to maintain copies of such records in the Auditor's possession.

The Auditor shall deliver to the Director of Finance and the City Auditor, prior to delivery of the CAFR, for all funds, a copy of all of the audit adjustments, which were generated by the Auditor in the preparation of the audited financial statements.

SEVENTEENTH: Government Auditing Standards require that the Auditor communicate the results of its most recent external quality control review to the City. The

Auditor's most recent review was for the year ended March 31, 2011, report dated December 2, 2011. That report resulted in an unqualified opinion on the Auditor's system of quality control. A copy of said report will be provided to the City Auditor upon execution of this Agreement.

EIGHTEENTH: That the Auditor shall make available to all City employed certified public accountants and responsible financial personnel in-house governmental auditing and accounting seminar(s) or course(s) to be conducted within the boundaries of the City, tuition-free, with the accumulative equivalent of eight (8) continuing professional education (CPE) hours, in compliance with the Virginia Board for Accountancy's CPE requirements. It is hereby agreed that the course(s) shall be conducted by the Auditor or one of their contracted agents no later than June 28, 2013 with consideration given to suggestions by the City of possible topic areas.

NINETEENTH: In the event that the City requests additional services, this Agreement may be further amended upon written agreement of the Auditor and the City, such additional services may include bond offering services for statements or opinions required to facilitate issuance of bonds, financial advisory services or consulting services that draw upon the Auditor's knowledge of the City's accounting records and finances. It is hereby agreed that such additional services, if deemed necessary, shall be priced according to terms set forth in the **TWELFTH** section or at an agreed upon amount in advance of the services to be rendered.

TWENTIETH: It is agreed by the City and the Auditor or any successors in interest that no claim by or on behalf of either party arising out of services rendered pursuant to this Agreement shall be asserted more than five (5) years after the date of the audit report or termination of Agreement.

TWENTY-FIRST: If circumstances relating to the condition of the City's records and/or the availability of sufficient, competent, evidential matter were to arise during the course of the Auditor's work, which in the Auditor's professional judgment, prevents it from completing the audit, the Auditor will notify the City Auditor immediately in writing for resolution. If no mutually agreed-upon resolution can be obtained, the Auditor retains the unilateral right to take any course of action permitted by professional standards, including withdrawal from the engagement.

TWENTY-SECOND: In connection with required compliance with the Health Insurance Portability and Accountability Act (HIPAA), the Auditor agrees to sign an appropriate Business Associate Agreement to provide certain assurances concerning the safeguarding of protected health information that may be obtained during the course of the audit.

TWENTY-THIRD: Ethics in Public Contracting. The Auditor hereby certifies that it has familiarized itself with Sections 33.1-86 through 33.1-93 of the Code of the City of Norfolk, Virginia, 1979, as amended, entitled "Ethics in Public Contracting," and further that all amounts received by the Auditor pursuant to this Agreement are proper and in accordance therewith.

TWENTY-FOURTH: Non-discrimination. The Auditor agrees that its work under this Agreement shall comply with Section 33.1-53 of the Code of the City of Norfolk, Virginia, 1979, as amended, entitled "Employment Discrimination by Contractor Prohibited."

TWENTY-FIFTH: Insurance. The Auditor agrees to maintain professional liability insurance and commercial general liability and workers' compensation insurance in compliance with the Auditors' Proposal dated April 20, 2012.

We are also providing this letter to confirm our understanding that the purpose of your testing of transactions and records relating to the City's federal programs (A-133 audit) was to obtain reasonable assurance that the City had complied, in all material respects, with the requirements of laws, regulations, contracts and grants that could have a material effect on each of its major general programs to the year ended June 30, 2015.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purposes of appropriately informing ourselves, the following representations made to you during your audits:

1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated July 6, 2012, the Amendment for Renewal #1 dated May 6, 2013, the Amendment for Renewal #2 dated May 5, 2014, and the Amendment for Renewal #3 dated May 15, 2015, for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles.
2. We have made available to you:
 - a. All records, documentation, and information that is relevant to the preparation and fair presentation of the financial statements.

- b. Unrestricted access and the full cooperation of personnel within the entity from whom you determined it necessary to obtain audit evidence.
 - c. All minutes of the meetings of the City Council, or summaries of actions of recent meetings for which minutes have not yet been prepared.
 3. Except as disclosed to you in writing, there have been no:
 - a. Circumstances that have resulted in communications from the City's legal counsel to the City reporting evidence of a material violation of securities law or breach of fiduciary duty, or similar violation by the City or any agent thereof.
 - b. Communications from regulatory agencies, governmental representatives, employees, or others concerning investigations or allegations of noncompliance with laws and regulations in any jurisdiction, deficiencies in financial reporting practices, or other matters that could have a material adverse effect on the financial statements.
 4. There are no:
 - a. Violations or possible violations of laws or regulations, whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.
 - b. Unasserted claims or assessments that our lawyers have advised us are probable of assertion and must be disclosed in accordance with paragraphs 96 – 113 of Governmental Accounting Standards Board (GASB) Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*.
 - c. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by GASB Statement No. 62, paragraphs 96 – 113.
 - d. Material transactions, for example, grants and other contractual arrangements, that have not been properly recorded in the accounting records underlying the financial statements.
 - e. Events that have occurred subsequent to the date of the statement of net position and through the date of this letter that would require adjustment to or disclosure in the financial statements.
 5. All known actual or possible litigation and claims have been accounted for and disclosed in accordance with GASB Statement No. 62, paragraphs 96 – 113.
 6. There are no uncorrected financial statement misstatements to be included on a schedule of uncorrected financial statement misstatements.
 7. We acknowledge our responsibility for the design, implementation and maintenance of programs and controls to prevent and detect fraud; for adopting sound accounting policies; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements and to provide reasonable assurance against the possibility of misstatements that are material to the financial statements whether due to error or fraud. We understand that the term "fraud" includes misstatements arising from fraudulent financial reporting and misstatements arising from misappropriation of assets.

Misstatements arising from fraudulent financial reporting are intentional misstatements, or omissions of amounts or disclosures in financial statements to deceive financial statement users. Misstatements arising from misappropriation of assets involve the theft of an entity's assets where the effect of the theft causes the financial statements not to be presented in conformity with U.S. generally accepted accounting principles.

8. Investments in joint ventures in which the City holds an equity interest have been properly recorded on the statement of net position. The financial statements disclose all other joint ventures and other related organizations.
 19. The financial statements properly classify all funds and activities, including governmental funds, which are presented in accordance with the fund type definitions in GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*.
 20. All funds that meet the quantitative criteria in GASB Statement No. 34, *Basic Financial Statements— and Management's Discussion and Analysis—for State and Local Governments*, for presentation as major are identified and presented as such, and all other funds that are presented as major are considered to be particularly important to financial statement users by management.

26. The City has identified and properly reported all of its derivative instruments and any related deferred outflows of resources or deferred inflows of resources related to hedging derivative instruments in accordance with GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*. The City complied with the requirements of GASB Statement No. 53 related to the determination of hedging derivative instruments and the application of hedge accounting. Further, the City has disclosed all material information about its derivative and hedging arrangement in accordance with GASB Statement No. 53.
27. The following information about financial instruments with off-balance-sheet risk and financial instruments with concentrations of credit risk has been properly disclosed in the financial statements:

34. The City has complied with all tax and debt limits and with all debt related covenants.
35. We have received opinions of counsel upon each issuance of tax-exempt bonds that the interest on such bonds is exempt from federal income taxes under section 103 of the Internal Revenue Code of 1986, as amended. There have been no changes in the use of property financed with the proceeds of tax-exempt bonds, or any other occurrences, subsequent to the issuance of such opinions, that would jeopardize the tax-exempt status of the bonds. Provision has been made, where material, for the amount of any required arbitrage rebate.
36. We believe the actuarial assumptions and methods used to measure financial statement liabilities and costs associated with other post-employment benefits and to determine information related to the City's funding progress related to such benefits for financial reporting purposes are appropriate in the City's circumstances and the related actuarial valuation was prepared in conformity with U.S. generally accepted accounting principles.

 - f. The net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense have been properly allocated to proprietary and fiduciary funds based on each fund's direct and indirect (for example, through a fringe benefit cost recovery rate) payment of employer contributions relative to total employer contributions of the City as a whole.
38. Provision has been made in the financial statements for the City's pollution remediation obligations. We believe that such estimate has been determined in accordance with the provisions of GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations* and is reasonable based on available information.

46. We have disclosed to you all accounting policies and practices we have adopted that, if applied to significant items or transactions, would not be in accordance with U.S. generally accepted accounting principles. We have evaluated the impact of the application of each such policy and practice, both individually and in the aggregate, on the City's current period financial statements and our assessment of internal control over financial reporting, and the expected impact of each such policy and practice on future periods' financial reporting. We believe the effect of these policies and practices on the financial statements and our assessment of internal control over financial reporting is not material. Furthermore, we do not believe the impact of the application of these policies and practices will be material to the financial statements in future periods.
47. We agree with the findings of specialists in evaluating the self-insurance and pension other post-employment obligations and have adequately considered the qualifications of the specialist in determining the amounts and disclosures used in the financial statements and underlying accounting records. We did not give or cause any instructions to be given to specialists with respect to the values or amounts derived in an attempt to bias their work, and we are not otherwise aware of any matters that have had an impact on the independence or objectivity of the specialists. We believe that the actuarial assumptions and methods used to measure pension liabilities and costs for financial accounting disclosure purposes provided by Virginia Retirement System in conjunction with their actuaries are appropriate.
48. We acknowledge our responsibility for the presentation of the supplementary information in accordance with the applicable criteria and/or prescribed guidelines and:
 - a. Believe the supplementary information, including its form and content, is fairly presented in accordance with the applicable criteria.
 - b. The methods of measurement or presentation of the supplementary information have not changed from those used in the prior period.

- c. The significant assumptions or interpretations underlying the measurement or presentation of the supplementary information are reasonable and appropriate in the circumstances.
- 49. In accordance with *Government Auditing Standards*, we have identified to you all previous audits, attestation engagements, and other studies that relate to the objectives of this audit, including whether related recommendations have been implemented.
 - 50. KPMG assisted management in drafting the financial statements and notes. In accordance with *Government Auditing Standards*, we confirm that we have reviewed, approved, and accept responsibility for the financial statements and notes.
 - 51. We are responsible for establishing and maintaining effective internal control over compliance for federal programs that provides reasonable assurance that federal awards are administered in compliance with laws, regulations, and the provisions of contracts or grant agreements.
 - 52. We are responsible for understanding and complying with the requirements of laws and regulations and the provisions of contracts and grant agreements related to each of the City's federal programs.
 - 53. We are responsible for taking corrective action on audit findings of the compliance audit.
 - 54. We are responsible for the design and implementation of programs and controls to prevent and detect fraud in the administration of federal programs. We have no knowledge of any fraud or suspected fraud affecting the entity's federal programs involving:
 - a. Management, including management involved in the administration of federal programs.
 - b. Employees who have significant roles in internal control over the administration of federal programs.
 - c. Others where the fraud could have a material effect on compliance with laws and regulations, and provisions of contract and grant agreements related to its federal programs.
 - 55. We are responsible for the presentation of the schedule of expenditures of federal awards (SEFA) in accordance with OMB Circular A-133 and:
 - a. The methods of measurement or presentation of the supplementary information have not changed from those used in the prior period.
 - b. The significant assumptions or interpretations underlying the measurement or presentation of the supplementary information are reasonable and appropriate in the circumstances.

Additionally, we confirm, to the best of our knowledge and belief, as of December 23, 2015, the following representations made to you during your A-133 audit:

- 56. The City is responsible for complying, and has complied, with the requirements of OMB Circular A-133.
- 57. The City has prepared the SEFA in accordance with the requirements of OMB Circular A-133 and:
 - a. Has included all expenditures made during the year ended June 30, 2015, for all awards provided by federal agencies in the form of grants, American Recovery and Reinvestment Act

(ARRA) awards, federal cost-reimbursement contracts, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other assistance.

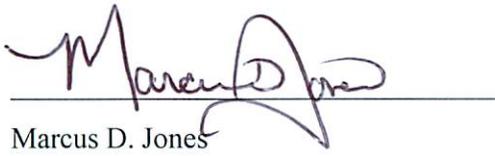

- b. Appropriately identified and separated all ARRA awards, if any, within the SEFA.
58. The City has complied with requirements of laws and regulations, and the provisions of contracts and grant agreements related to each of its federal programs.
59. We have disclosed to you any interpretations of any compliance requirements that have varying interpretations.
60. The City has established and maintained effective internal control over compliance for federal programs that provides reasonable assurance that federal awards are administered in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on a federal program.
61. We have communicated to you all significant deficiencies and material weaknesses in the design or operation of internal control over compliance that we have identified, which could adversely affect the City's ability to administer a major federal program in accordance with the applicable requirements of laws, regulations, and the provisions of contracts and grant agreements. Under standards established by the American Institute of Certified Public Accountants, a deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and collect on a timely basis, noncompliance with a type of compliance requirement of a federal program. A "material weakness" is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected on a timely basis. A "significant deficiency" is a deficiency, or a combination of deficiencies, in internal control over compliance with a compliance requirement that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.
62. We have identified and disclosed to you the requirements of laws, regulations, and the provisions of contracts and grant agreements that are considered to have a direct and material effect on each major federal program.
63. We have made available all contracts and grant agreements (including amendments, if any) and any other correspondence with federal agencies or pass-through entities related to major federal programs.
64. We have made available all documentation related to the compliance requirements, including information related to federal financial reports and claims for advances and reimbursements for major federal programs.
65. We have identified and disclosed to you all questioned costs and any known noncompliance with the requirements of federal awards, including the results of other audits or program reviews.
66. We have disclosed to you any communications from grantors and pass-through entities concerning possible noncompliance with the applicable compliance requirements, including communications received from the end of the period covered by the compliance audit to the date of the auditor's report.

67. We have disclosed to you the findings received and related corrective actions taken for previous audits, attestation engagements, and internal or external monitoring that directly relate to the objectives of the compliance audit, including findings received and collective actions taken from the end of the period covered by the compliance audit to the date of the auditor's report.
68. The City is in compliance with documentation requirements contained in OMB Circular A- 87, "Cost Principles for State, Local and Tribal Governments" for all costs charged to federal awards, including both direct costs and indirect costs charged through cost allocation plans or indirect cost proposals. Costs charged to federal awards are considered allowable under the applicable cost principles contained in OMB Circular A-87.
69. Federal financial reports and claims for advances and reimbursements are supported by the accounting records from which the financial statements have been prepared.
70. The copies of federal financial reports provided to you are true copies of the reports submitted, or electronically transmitted, to the federal agency or pass-through entity, as applicable.
71. We have monitored subrecipients to determine that they have expended pass-through assistance in accordance with applicable laws and regulations and have met the requirements of OMB Circular A-133. If applicable, the City has issued management decisions on a timely basis after receipt of subrecipient audit reports that identified noncompliance with laws, regulations, or the provisions of contracts or grant agreements and has ensured that subrecipients have taken appropriate and timely corrective action on such findings.
72. If applicable, we have considered the results of subrecipient audits and have made any necessary adjustments to the City accounting records.
73. We are responsible for, and have accurately prepared, the summary schedule of prior audit findings to include all findings required to be included by OMB Circular A-133.
74. If applicable, we have provided you with all information on the status of the follow-up on prior audit findings by federal awarding agencies and pass-through entities, including all management decisions.
75. We have advised you of all contracts or other agreements with service organizations.
76. If applicable, the City has disclosed to you all communications from its service organizations.
77. We have disclosed any known noncompliance occurring subsequent to the period for which compliance is audited.
78. We have disclosed whether any changes in internal control over compliance or other factors that might significantly affect internal control, including any corrective action taken by management with regard to significant deficiencies (including material weaknesses), have occurred subsequent to the date as to which compliance is audited.

Further, we confirm that we are responsible for the fair presentation in the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, and the related notes to the financial statements, in conformity with U.S. generally accepted accounting principles. We are also responsible for establishing and maintaining effective internal control over financial reporting.

Very truly yours,

HEALTH, EDUCATION AND FAMILIES COMMITTEE

TUESDAY, DECEMBER 15, 2015

The meeting was called to order at 4:05p.m. with the following members present: Mr. Smigiel, Ms. Graves, Ms. Johnson, Dr. Whibley, City Clerk Breck Daughtrey and City Attorney Bernard Pishko. Mayor Paul Fraim arrived at 4:30p.m.

From the School Board: Rodney Jordan, chair and Reverend Ed Haywood.

Opening remarks were offered by co-chairs Mr. Smigiel and Dr. Whibley. Discussion ensued on the process by which committee and school board meetings will proceed and what items will be discussed and how agendas will be developed. A focal point was how the Council and the board can better collaborate on developing the school system's budget.

Mr. Jordan suggested a joint meeting with Council on Wednesday, January 27th at 4:30p.m. He also suggested that in addition to presentations from the schools during joint meetings, that the City have a presentation as well, and that discussions should be kept at the policy level.

Ms. Johnson suggested having the five new schools as a meeting topic.

Dr. Whibley stated she does not want meetings to be information meetings with PowerPoint presentations; that the meetings should be discussions about what Norfolk Public School initiatives are and what that means financially to the City.

Following discussion on topic areas, Mr. Smigiel noted four agenda items: 1) the five new schools; 2) teacher raises; 3) CTE school; and 4) federal aid.

Mayor Fraim recommended having a presentation on federal impact aid by a woman who presented at a recent Military Economic Development Committee meeting.

Dr. Whibley asked for financial graphs of the City and schools to be congruent.

Mr. Smigiel recommended a discussion on housing policy as a topic for the next meeting in terms of new housing's impact on the school system.

With no further business the meeting adjourned.

LEASE AGREEMENT

THIS LEASE AGREEMENT, (“Lease”) made this _____ day of _____, 2016, by and between the **CITY OF NORFOLK**, a municipal corporation of the Commonwealth of Virginia, (“**Lessor**”), and **TIDEWATER UTILITY CONSTRUCTION, INC.**, a Virginia corporation, (“**Lessee**”).

WITNESSETH:

WHEREAS, the City owns certain properties located at 1000 Monticello Avenue, also known as Cedar Grove parking lot (“Monticello Avenue Property”), 830 Holt Street (“Holt Street Property”), and 317 Chapel Street (“Chapel Street Property”), said properties being shown on Exhibit A and Exhibit B attached hereto (collectively referred to as the “Properties”); and

WHEREAS, TUC is currently under contract with the City for the construction and improvement of City sewers (the “Project”); and

WHEREAS, in order to safely store equipment needed for the Project, TUC is in need of an appropriate storage area in which to store its equipment; and

WHEREAS, TUC has requested permission to utilize the Properties for such purpose, to which the City is agreeable upon certain terms and conditions.

NOW, THEREFORE, in consideration of the premises and the mutual covenants contained herein, the parties hereby agree as follows:

1. PROPERTIES: Lessor does hereby demise and lease unto Lessee, and Lessee does hereby lease from Lessor, the Properties described above and shown on Exhibit A and Exhibit B attached hereto.

2. USE: Lessee covenants and agrees to use and occupy the Properties as a “lay down area” for the storage of construction equipment related to the installation, removal and/or relocation of sanitary sewer lines in the City of Norfolk.

3. LEASE TERM: The term of this Lease shall be 20 months (“Term”), commencing on the date the ordinance approving this Lease becomes effective (“Effective Date”) and terminating 20 months thereafter, without notice or demand.

4. RENT: Rent shall be made payable to the Norfolk City Treasurer. The rent amount shall be as follows:

Monticello Avenue Property: \$1,500.00 per month.

Holt Street Property and Chapel Street Property: \$1,125.00 per month.

The rent shall be paid in advance in monthly installments made promptly on the first day of each month during the term of this Lease without demand and without offset or deduction. No payment by Lessee or receipt by Lessor of a lesser amount than the total installment due shall be deemed other than on account of the earliest stipulated rent, nor shall any endorsement or statement on any check or payment, or any writing accompanying any check or payment of such rent, be deemed an accord and satisfaction, and Lessor may accept such check or payment without prejudice to Lessor's right to recover the balance of such rent or pursue any other remedy provided in this Lease.

5. PRO-RATED RENT: Upon execution of this Lease, Lessee shall pay to Lessor pro-rated rent for the period of time Lessee occupied the Properties under the Right of Entry Agreement dated December 15, 2015, such period of time to be calculated from the date the Right of Entry Agreement was fully executed to the last day of the month in which this Lease became effective.

The rent for the last month of the Lease Term shall be pro-rated as may be appropriate.

6. PAST DUE RENT AND LATE CHARGES: Lessee hereby acknowledges that late payment by Lessee to Lessor of rent or other sums due hereunder will cause Lessor to incur costs not contemplated by this Lease, the exact amount of which will be extremely difficult to ascertain. Such costs include, but are not limited to, processing and accounting charges. In the event Lessee shall fail to pay, when the same is due and payable, any Rent, charges or adjustments, and if said sums have not been paid within five (5) days of their due date, then Lessee shall pay to Lessor a "Late Charge" of five percent (5%) of the amount due on all rents. Lessee further covenants and agrees to pay Lessor as a "bad check" or returned check charge the amount of Fifty Dollars (\$50.00) per bad check.

7. NO JOINT VENTURE: It is hereby agreed that nothing contained in this Lease shall be deemed or construed as creating a partnership or joint venture between Lessor and Lessee, or between Lessor and any other party, or cause either party to be responsible in any way for the debts or obligations of the other party.

8. NO ASSIGNMENT OR SUBLEASE: Lessee covenants not to assign, mortgage or encumber this Lease nor sublet or suffer or permit the Properties or any portion thereof to be used by others. The transfer of fifty percent (50%) or more of Lessee's stock, if Lessee is a corporation, or the transfer of twenty-five percent (25%) or more partnership interest in Lessee, if Lessee is a partnership, or the dissolution of Lessee as a corporation or partnership, is regarded as an assignment of the Lease, and the same is not permitted without the prior written consent of the Lessor. Lessee and any guarantors shall remain liable for this Lease, its terms and covenants in such event that the Lessor does grant consent to an assignment or sublease, and shall guarantee the performance of the assignee or sublessee without the need for guarantor's signature or consent thereto.

9. INDEMNIFICATION AND LESSEE’S INSURANCE:

9.1 Lessee, at its own cost and expense, shall obtain and maintain General Liability Insurance, insuring and naming the Lessor as an additional insured, for the joint and separate benefit of Lessor and Lessee in an amount not less than \$2,000,000 for injury to or death of any person or persons, \$4,000,000 for any one occurrence, and \$1,000,000 for property damage, or in such higher limits as shall be reasonably required by Lessor.

9.2 Lessee agrees to look solely to the proceeds of Lessee’s own insurer for indemnity against exposure for casualty losses of property or business interruption. Lessee warrants that its liability, property and business interruption insurers shall have no rights against Lessor by virtue of assignment loan agreement or otherwise.

9.3 Lessor shall not be responsible or liable for injuries to persons, including death or damage to Properties, when such injuries or damages are caused by or result from Lessee’s use of the Properties under the terms of this Agreement, and Lessee agrees to indemnify and hold harmless Lessor from and against any and all claims, demands, suits, actions and judgments of any kind or nature whatsoever, including costs and expenses, for any personal injury or Properties damage to any person, or Properties, arising or resulting, directly or indirectly, from Lessee’s use of the Properties under this Agreement.

10. ACCEPTANCE OF PROPERTIES: Lessee hereby agrees to accept the Properties from the Lessor as they are found by Lessee in “as is and where is” condition.

11. MAINTENANCE BY LESSEE: Lessee covenants that it will, during the Term hereof, and at its own cost and expense, be responsible for the following:

With respect to the Monticello Avenue Property:

- a. A chain link fence with a lock must be installed.
- b. The grass must be kept properly mowed within and around the fenced areas.
- c. The property must be planted and re-seeded upon termination of the Lease.
- d. Potholes and depressions, whenever identified within the property or within entry or exit paths, must be fixed.
- e. Asphalt areas and accesses must be milled and re-paved, if necessary, upon termination of the Lease.

With respect to the Holt Street Property and the Chapel Street Property:

- a. A chain link fence with a lock must be installed.
- b. The grass must be kept properly mowed within and around the fenced areas.
- c. The property and accesses must be planted and re-seeded upon termination of the Lease.
- d. A construction entrance on Mariner Street and/or a replacement driveway apron on Chapel Street must be installed.
- e. Lights may be required on the fence at the City’s discretion.

12. ADDITIONAL COVENANTS BY LESSEE:

(a) Lessee shall not make alterations, additions or improvements to the Properties without first obtaining Lessor's written approval and consent.

(b) Lessee will not use nor permit the Properties to be used for any illegal or immoral purpose. Lessee hereby agrees to comply with all Federal, State and Municipal laws, ordinances and regulations as they relate to Lessee's business and/or to the Properties in which the Lessee's business is located, and the use, storage and disposal of hazardous substances.

(c) Lessee shall notify Lessor in writing of all accidents or security-related incidents, (i.e. crimes against person(s) and property), which occur in or about the Properties.

13. LESSOR'S INSPECTION AND ACCESS: Lessor or its agents, employees and/or contractors shall have the right to enter the Properties at any reasonable time to examine the same; to show the Properties to prospective purchasers, lenders, or prospective Lessees of the Properties; and to make such repairs, alterations, improvements or additions as Lessor may deem necessary or desirable. If Lessee is not personally present to permit entry and an entry is necessary, Lessor or its agents may, in the case of emergency, or if the Properties are unsecured and temporarily unoccupied, forcibly enter or secure the same, or take such other steps to address the emergency that Lessor deems appropriate, without rendering Lessor or its agents liable therefore. Otherwise, all such work and installation shall be done, so far as practical, so as not to unreasonably interfere with Lessee's use of the Properties. The exercise of any of these reserved rights by Lessor shall not be deemed as an eviction or disturbance of Lessee's use, possession and quiet enjoyment of the Properties, and shall never render Lessor liable in any manner to Lessee or any other person.

14. WAIVER OF SUBROGATION: Lessor and Lessee waive all right of recovery against each other for any loss in or about the Properties, from perils insured against and under the fire insurance contract, including any all risk endorsements thereof, whether due to negligence or any other cause. This release of liability shall be operative only as long as waiver of subrogation clauses are available on insurance policies, in the amounts, form, kinds and with a company satisfactory to Lessor.

15. INDEMNITY AGAINST LIENS: Lessee agrees that it will, at all times during the Term of this Lease, take any and all steps necessary to prevent the filing of mechanics liens against the Properties. Lessee further agrees to indemnify and save the Lessor harmless from and against any and all liabilities incurred by Lessee or claimed or charged against the Properties. Lessee shall promptly pay, or otherwise discharge, any and all such claims, expenses and liens, including the mechanic's materialmen's and other laborer's liens asserted or claimed against the Properties or any part thereof. In no event shall Lessor or any of the Lessor's property be liable for or chargeable with any expense or lien for work, labor or materials used for and in the Properties; or for any improvements thereof or changes made upon the order of Lessee, or to discharge the obligations of the Lessee.

16. FORCE MAJEURE: In the event that either party hereto shall be delayed or hindered in, or prevented from, the performance of any act required hereunder by reason of strikes, lock-outs, labor troubles, inability to procure materials, failure of power, restrictive governmental laws or regulations, riots, insurrection, war or other reason of a like nature, not the fault of the party delayed in performing the work or doing acts required under the terms of this Lease, then performance of such acts shall be excused for the period of the delay; and the period for the performance of any such act shall be extended for a period equivalent to the period of such delay; provided, however, that the provisions of this Lease Article shall not operate to release Lessee from this Lease nor to excuse Lessee, nor shall Lessee in any event be excused from prompt payment of Base Rent, Percentage Rent, Additional Rent, Additional Rent adjustments and all other charges due Lessor by Lessee.

17. EMINENT DOMAIN: If all the Properties are condemned or taken by the power of eminent domain exercised by any governmental or quasi-governmental authority, this Lease shall terminate as of the date that the Lessee is required to vacate the Properties and all Rent shall be paid up to and until same date of termination. If only part of the Properties shall be taken and the size of the Properties are proportionately reduced, then the Lessee is entitled to an equal and proportionate reduction in Rent.

18. LESSEE'S DEFAULT: The occurrence of any one of the following events constitutes a default by the Lessee and a breach of this Lease and its covenants by the Lessee, if such default, breach or non performance is continued and not cured within ten (10) days after written notice from Lessor: (a) The vacating or abandonment of the Properties by Lessee, (b) The failure by Lessee to make any payment of Base Rent and/or Additional Rent Charges and adjustments on or before the due date thereof, (c) The failure by Lessee to perform any covenants herein or the breach by Lessee of any Lease covenants herein, and the further failure by Lessee to cure such covenant breach or non-performance, or to commence to cure and diligently pursue the cure of the covenant breach or non-performance which cannot be fully remedied within ten (10) days, (d) Petition by Lessee for bankruptcy, insolvency, or general assignment for the benefit of its creditors, or receiver appointment for Lessee for the substantial part of its assets and properties and such receiver is not removed within ten (10) days after its appointment, (e) If the Lessee shall default as described herein, or in the performance of any covenant contained in this Lease, and if such default is repeated once within the next twelve months then, notwithstanding that such defaults shall have been cured within the period after notice as herein provided, any further similar default within such twelve month period shall be deemed a Lessee Default which cannot be cured, notwithstanding provisions for cure provided in this Lease. Upon such default, the Lessor may proceed, with five days notice but no opportunity for cure, to exercise its remedies upon default.

19. LESSOR'S REMEDIES: In the event of Lessee's default, including Lessee's abandonment or vacating the Properties, Lessor shall have the right, in addition to all other rights and remedies provided by the law, to terminate this Lease, and/or to re-enter and take possession of the Properties, peaceably or by force, without liability to Lessee for damage arising therefrom and without obligation to Lessee to store any property. Any costs of removal and storage of Lessee's fixtures, inventory, equipment or any other personal property shall be the expense of Lessee and shall be added to all sums owed by Lessee to Lessor. Further, Lessor is under no obligation to Lessee, after default or abandonment, to relet the Properties in the name of Lessee or

for the benefit of the Lessor. Lessor may, at its option and without subsequent notice to Lessee, re-let the Properties for such term and on such covenants and purposes as Lessor, in its sole discretion, may determine are in the best interest of the Lessor. Lessor may collect and receive all rents derived therefrom and apply the same, after deduction of appropriate expenses, to the payment of the rent overdue and payable hereunder from the Lessee in default. The Lessee in default shall remain liable for any deficiency. Further, Lessor shall not be responsible for or liable for any failure to re-let the Properties or any part hereof, or for any failure to collect any rent connected therewith. The Lessor's recovery of possession of the Properties by any means shall not relieve the Lessee of its obligation to pay Base Rent, Additional Rent or Additional Rent Adjustments through the term of the Lease, including any extensions in effect at the time of default under which Lessee then occupies the Properties.

Acceptance by Lessor of delinquent rent from Lessee after Lessee default shall not cure such default or entitle Lessee to possession of the Properties. Lessee hereby expressly waives any and all rights of redemption, if any, granted by and under any present or future law, in the event that Lessee shall be evicted or dispossessed for any cause in default or in the event that the Lessor obtains possession of the Properties by virtue of the remedies outlined in this Lease, or otherwise. The receipt by Lessor or its agents of rent with knowledge of the breach of any covenant hereof shall not be deemed a waiver of such breach, and no waiver by Lessor of any covenant hereof shall be deemed to have been agreed upon, unless explicitly reduced to written agreement and signed by Lessor and Lessee.

All remedies of Lessor shall be cumulative.

20. ATTORNEYS' FEES: Lessee hereby agrees to pay all costs incurred by the Lessor on account of the Lessee's default, including but not limited to collection costs, court costs and attorney fees in an amount equal to twenty-five percent (25%) of any money owed to Lessor by Lessee at the time and accruing after Lessor requests the assistance of an attorney. If Lessee's default is a non-monetary default, lessee shall pay the greater of Two Hundred Fifty Dollars (\$250.00) or Lessor's actual attorney's fees.

21. HOLDOVER AND SUCCESSIVE LESSEE: If Lessee shall be in possession of the Properties after the established Termination Date of the Lease, and in the absence of any written agreement extending the term hereof, the tenancy of this Lease shall become one from month-to-month, to be terminated by either Lessee or Lessor on thirty (30) days written notice. Lessee shall pay the rent for the thirty (30) days following notice.

Lessee acknowledges that possession of the Properties must be surrendered to Lessor on the Termination Date or sooner. Lessee agrees to indemnify and save Lessor harmless from any and all costs, claims, loss or liability resulting from delay by Lessee in so surrendering the Properties, including, without limitation, any claims made by a succeeding Lessee founded on such delay. The parties hereto recognize and agree that the damage to the Lessor resulting from any failure to timely surrender possession will be extremely substantial, will exceed the Base Rent, Additional Rent charges and Percentage Rent payable hereunder, and will be impossible to measure accurately. Lessee therefore agrees that if possession of the Lease Properties is not surrendered to Lessor within twenty-four (24) hours after the Termination Date or sooner, then the

Lessee shall pay to Lessor for each month and for any portion of a month during which the Lessee holds over in the Properties a sum equal to two (2) times the aggregate of Base Rent plus Additional Rent charges which are payable under this Lease during the last month of the term hereof, in addition to the Lessor's actual damage incurred by Lessee's failure to surrender which exceeds such rent. Nothing herein contained shall be deemed to permit Lessee to retain possession of the Properties after the termination of the Lease Term, unless specifically agreed to in writing. The provisions of this Article shall survive the expiration or said sooner termination of Lease Term.

22. TERMINATION AND SURRENDER: Upon the expiration or termination of this Lease, Lessee shall surrender the Properties to Lessor in as good as condition as they were found upon the Lessee taking possession of the Properties; except for ordinary wear and tear, reduction of the Properties by condemnation. Lessee shall remove all its personal property, merchandise and trade fixtures and make such necessary repairs or reimbursement. After Lessee vacation or abandonment, Lessor may elect to retain or dispose of, in any manner, Lessee alterations and improvements or Lessee's personal property that Lessee does not remove from the Properties before or after the Termination Date of the Term. Title to any such Lessee alterations or Lessee's personal property, that Lessor elects to retain or dispose of after the Term, shall vest to and in the Lessor. Lessee waives all claims against Lessor for any damage to Lessee resulting from Lessor's retention or disposition of any such alterations or personal property. Lessee is further liable to Lessor for Lessor's expenses and costs for removing and disposing of any Lessee alterations or Lessee personal property, which Lessor does not elect to acquire.

23. WAIVERS: The failure of Lessor to insist, in any one or more instances, to strict performance by Lessee as to any Lease covenants shall not be construed as a waiver by Lessor or relinquishment in the future of such covenants, but the same shall continue and remain in full force and effect. The receipt by Lessor or its Agent of rent with knowledge of a covenant breach hereof shall not be deemed a waiver of the same covenant breach, and no waiver by Lessor of any provision hereof shall be deemed to have been agreed upon unless expressed in writing and signed by the parties hereto.

Lessee hereby waives the benefit of the homestead exemption as to this Lease.

24. SUCCESSORS AND ASSIGNS: All the terms, covenants and agreements of this Lease shall extend to and be binding upon the Lessor and be binding upon the Lessee and its respective heirs, administrators, executors, successors, assignees, sublessees, concessionaires, marital communities, if any, and their respective assigns; and/or upon any person or persons coming into ownership or possession of any interest in the Properties by operation of law or otherwise.

- The site complies with current parking requirements.

iii. Flood Zone

The property is located in the X Flood Zone, which is a low-risk flood zone.

D. Transportation Impacts

- Institute of Transportation Engineers (ITE) figures estimate that this use will generate 343 new vehicle trips per day.
- Based upon ITE data, the prior medical office use on this site would be expected to generate 58 weekday trips while the proposed new restaurant operation would be expected to generate 401 trips on weekdays.
- The site is near transit services with Hampton Roads Transit bus routes 1 (Granby) and 21 (Little Creek) operating at the transfer center adjacent to the site.

E. Impact on the Environment

- The existing shopping center consists of 9 properties under different ownership.

F. Impact on Surrounding Area/Site

- By requiring this use to conform to the conditions listed below, the proposed eating and drinking establishment should not have a negative effect on the surrounding neighborhood.

The application was sent to the Wards Corner Civic League, the Suburban Acres Civic League, and the Greater Wards Corner Business Association on October 27.

RE: The Pancake House & Grill

Dear Mr. Blough;

As a native of Norfolk and one whose family has deep roots in the Ward's Corner community, I have a strong interest in our revitalization.

I remember the excitement of going to buy a new pair of shoes at Hofheimer, seeing the latest movies then sharing a family dinner at the Sai Gai Restaurant. It was a bustling, vibrant shopping experience as families shopped, played and socialized together.

The Greater Wards Corner Area Business Association fully endorses the application for a liquor license by Nicholas & Karen Renesis. The Pancake House has proven its professionalism over the past 55 years as a landmark of Wards Corner and would continue that conduct while selling alcoholic beverages.

The Business Association welcomes the opportunity to assist in the creation of a desirable evening clientele by attracting a socially and economically advanced environment where people can enjoy an evening out. With the help of the city, the property owners and the merchants Wards Corner is beginning to reestablish itself as a shopping destination.

Most sincerely,

Elyse R. Kalfus, President

A. Summary of Request

- This request was continued from the October and November Planning Commission public hearings at the request of the applicant in order to allow more time for the applicant to communicate with the Ghent Neighborhood League.
- This request is to open a new larger dance studio and entertainment establishment, Mambo Room, in a space most recently occupied by Sentara Physical Therapy at the corner of West 22nd Street and DeBree Avenue within the Ghent Business District.
- The applicant is currently operating a dance studio/dance hall at 2200 Colonial Avenue.
- This new establishment will provide dance classes and will offer dance performances to the public.
- The applicant would also like to host banquets and receptions which will provide alcoholic beverages for on-premises consumption to the patrons.

B. Plan Consistency

The proposed special exception is consistent with *plaNorfolk2030*, which designates this site as commercial.

C. Zoning Analysis

i. General

- The use is permitted in the C-2 district by special exception.

	Proposed
Hours of Operation (Dance Studio)	5:00 a.m. until 2:00 a.m, seven days a week
Hours for the Sale of Alcohol and for Entertainment	12:00 noon until 2:00 a.m, seven days a week
Entertainment Options	10 member live band, disc jockey, dance performances
Seating	<ul style="list-style-type: none"> • 188 seats inside building • 326 dance capacity • 400 total capacity

ii. Parking

- The site is located in the 21st Street Pedestrian Commercial Overlay, which requires one parking space per four seats.
- The *Zoning Ordinance* promotes the reuse of existing buildings throughout the City by acknowledging all buildings constructed prior to 1992 as being vested from the basic parking minimum parking requirement of one space per 250 square feet. Therefore, this facility is vested for 26 parking spaces.
- The proposed establishment requires 21 additional parking spaces in order to accommodate the new use.
 - The site is developed with two uses that do not share the same peak hours.

- The retail goods establishment has peak hours during the daytime and early afternoon and the entertainment establishment will experience peak hours during the evening.
- The shared parking should not have an adverse impact on the surrounding uses.
- The property owner also owns and manages the commercial property directly opposite from the site (Ghent Market Shoppes), which has additional parking available in excess of the required parking needed by the Ghent Market Shoppes.
 - The property owner has agreed to lease 21 available parking spaces located within the Ghent Market Shoppes for the sole purpose of providing Mambo Room with overflow off-street parking, which is within close walking distance and directly visible from the Mambo Room site.
- Given the site is vested for 26 parking spaces, and since 21 additional spaces have been secured for the use of the building, the use as proposed, with a parking demand of 47 spaces, is able to mitigate the additional parking demand.
 - The use as proposed should not have a negative off-street parking impact on the surrounding businesses and streets.

Bicycle Parking

- Given the square footage of the establishment the total bicycle parking requirement is for four bike spaces.
 - A bike rack will have to be provided sufficient to accommodate at least four bicycles on the site within clear view of the main entrance.

iii. Flood Zone

The property is located in the X Flood Zone, which is a low risk flood zone.

D. Transportation Impacts

- Institute of Transportation Engineers (ITE) figures estimate that this entertainment use will generate 1,159 vehicle trips per day.
- 21st Street near to the site is identified as a severely congested corridor in the PM peak in the current update to regional Hampton Roads Congestion Management analysis.
- The site is near transit service with Hampton Roads Transit bus route 11 (Colonial) operating to the west of the site and route 4 (Church Street) serving 21st Street just to the south.

E. Impact on the Environment

Site improvements shall include a new landscape hedge to be installed and maintained along the West 22nd Street sidewalk edge, in addition to improvements being required along the West 22nd Street curb where sections have deteriorated and need repair.

F. Impact on Surrounding Area/Site

By requiring this use to conform to the conditions listed below, the proposed entertainment establishment should not have a negative effect on the surrounding businesses.

G. Payment of Taxes

The owner of the property is current on all real estate taxes.

H. Civic League

Notice was sent to the Ghent Neighborhood League and Ghent Business Association on July 15.

I. Communication Outreach/Notification

- Legal notice was posted on the property on July 14.
- Letters were mailed to all property owners within 300 feet of the property on October 8.
- Legal notification was placed in *The Virginian-Pilot* on October 8 and October 15.

J. Recommendation

Staff recommends that the special exception request be **approved** subject to the conditions shown below:

- (m) The business authorized by this special exception shall be conducted in accordance with the Description of Operations set forth in "Exhibit A," attached hereto. The representations made in "Exhibit A" shall be binding upon all owners, operators and managers who operate and/or manage the premises covered by this special exception. Should any owner, operator or manager desire to operate the business in a manner different than as represented in "Exhibit A," a new special exception must be obtained prior to implementing such change. Where any limitation or representation contained in "Exhibit A" is inconsistent with any condition of this ordinance, the conditions of this ordinance shall govern.
- (n) The violation of any requirement, limitation, or restriction imposed by the Virginia ABC Commission shall be deemed a violation of this special exception. This special exception may be revoked for any violation of a general or specific condition, including a condition incorporated by reference and including a condition arising from requirements, limitations, or restrictions imposed by the ABC Commission or by Virginia law.

Subject: GNL statement - Mambo Room

Re: Application for Mambo Room, 419 W. 22nd St.

Dear George,

The Ghent Neighborhood League has no objection with the application dated 8/7/2015 for the Mambo Room.

Last Tuesday, November 10th, the commercial project review committee of the GNL met with Ms. Tracy Gramajo, who is the applicant for the Mambo Room, Ms. Tanya Fiske, who is the manager, and Mr. Richard Levin, who is the property owner. Ms. Gramajo is an established business owner in our neighborhood and stated that she does not intend the Mambo Room to become a regular nightclub but, instead, would like the option to hold the occasional larger event with catered food and alcohol. We appreciate Mr. Levin's offer to share with this applicant his parking lots on the northeast corner of Colonial Avenue and 22nd Street, as the 21 adjacent spaces to the Mambo Room are not enough for her maximum occupancy of 400.

The Mambo Room is the third application for a large format, entertainment establishment in the GNL's area of notification in the past six months. Though two of the three applications are somewhat removed from the residential neighborhood, the parking, traffic and noise hold the potential to deliver a negative effect on residents. Therefore, we respectfully ask that the City place an 18-24 month moratorium on large format entertainment establishments in our area of notification, so that impact may be properly assessed.

Sincerely,
Emily

A. Summary of Request

- This request proposes a new entertainment establishment with alcoholic beverages.
- The proposed location was previously occupied entirely by an automobile repair facility.
 - The proposal would permit 1,987 square feet of the 5,180 square-foot building to be utilized for the proposed entertainment establishment.

B. Plan Consistency

The proposed special exception is consistent with *plaNorfolk2030*, which designates this site as Industrial.

C. Zoning Analysis

i. General

- The use is permitted in the I-2 district by special exception.

	Proposed
Hours of Operation, for the Sale of Alcohol and for Entertainment	9:00 a.m. until 2:00 a.m., seven days a week
Entertainment Options	5 member live band, karaoke, comedian, poetry reading
Seating	<ul style="list-style-type: none">• 120 seats indoors• 0 seats outdoors• 130 total capacity

- Special exception history:

City Council Approval	Applicant	Changes
May 2013	Ben Mahgerefteh	<ul style="list-style-type: none">• Special Exception for automobile repair
Pending	Entertainment establishment by John Porter	<ul style="list-style-type: none">• New entertainment establishment

ii. Parking

- Off-street parking is shared among the two uses in the single structure:
 - A 1,987 square foot entertainment establishment (11 spaces required)
 - An automobile repair facility with one repair bay (3 spaces required)
- The current parking regulations require 14 parking spaces, given the square footage of the establishment, and the number of repair bays for the automobile repair facility.
 - The site accommodates 20 parking spaces.
 - The automobile repair facility has limited hours as permitted within the approved special exception.

- Additionally, the three spaces assigned to the automobile repair facility will be available in the evenings at times when this proposed entertainment establishment intends to hold events.
- The majority of businesses in the vicinity are also closed in the evenings, and it is unlikely that the proposed entertainment establishment will experience peak hours for use of the available on-street parking.

iii. Flood Zone

The property is located in the X Flood Zone, which is a low-risk flood zone.

D. Transportation Impacts

- Institute of Transportation Engineers (ITE) figures estimate that this use will generate 530 additional vehicle trips per day.
- Based upon ITE data, the prior use of the entire building as an auto repair facility would be expected to generate 82 weekday trips while the combination of the proposed new restaurant and reduced auto repair operation would be expected to generate together 612 trips on weekdays.
 - Colonial Avenue near the site is not identified as a severely congested corridor in the current update to regional Hampton Roads Congestion Management analysis.
 - The site is near transit service with Hampton Roads Transit bus route 11 (Colonial) operating along Colonial Avenue near the site.

E. Impact on the Environment

Site improvements include new sidewalk connections along the West 24th Street frontage, tying-in with the existing sidewalks along West 24th Street, as well as improved landscaping to shield the parking from the right-of-way.

F. Impact on Surrounding Area/Site

By requiring this use to conform to the conditions listed below, the proposed entertainment establishment should not have a negative effect on the surrounding neighborhood.

G. Payment of Taxes

The owner of the property is current on all real estate taxes.

H. Civic League

- Notice was sent to the Park Place Civic League on October 27.
- The applicant presented the proposal to the Park Place Civic League on November 2.
- A Letter of Support was received from the Park Place Civic League on November 9.

- (o) The business authorized by this special exception shall be conducted in accordance with the Description of Operations set forth in "Exhibit A," attached hereto. Security Plan
for
Grace O'Malley's Irish Pub and Restaurant
213 Granby Street
Norfolk, VA 23510

Summary

Grace O'Malley's Irish Pub and Restaurant will open in February 2016. It will offer family dining and a full-service bar seven days a week from 11:00am until close, and entertainment in the evenings. The entertainment will include the following:

- Sunday: a traditional Irish session from 7:00pm to 10:00pm, where musicians are welcome to gather and entertain themselves and other customers with music and singing. The instruments might include fiddles, guitars, flutes, tin whistles, uilleann pipes, accordians, mandolians, banjos, and bodhrans.
- Tuesday: a pub quiz from 7:00pm to 9:00pm, with recorded Irish music playing between trivia questions.
- Wednesday and Thursday: live music from 8:30pm to 12:30am
- Friday and Saturday: live music from 9:00pm to 1:00am

Grace O'Malley's will be a model neighbor and business on the Norfolk Granby Street corridor promoting a safe, friendly, and diverse experience for customers, employees, and the civic area.

Goals

A safe, friendly, and secure environment will be provided for customers and employees by maintaining a plan and training staff for the following:

- The safe and orderly evacuation in the event of fire, explosion, or other uncontrolled dangers.
- Obtaining and validating proof of age for the purchase of any alcoholic beverage.
- How to recognize and resolve potentially unruly patron disturbance.
- The mitigation and control of noise and conduct of customers entering, leaving, or lingering near Grace O'Malley's.
- Circumstances under which the police should be called.

- To promote a welcome and relaxed atmosphere that complements the Granby Street corridor and neighborhood.

Features of the Plan

Evacuation Plans

Evacuation plans for both the back- and front- of-house will be reviewed with all employees during shift meetings. All employees will be trained to spot potential electrical, scalding, tripping, etc. hazards. Each shift an employee will be assigned the task of calling 911 in the event of an evacuation. Flashlights will be stored in the kitchen, behind the bar, and at the hostess station to assist in low light evacuations. Fire/smoke/carbon monoxide alarm systems will be installed and maintained.

Kitchen Safety

All new employees will be fully trained regarding commercial kitchen equipment and machines in order to avoid injury. They will be fully aware of the daily hazards in a commercial kitchen and how to avoid injuries such as slips and falls.

Validation of Proof of Age

Proof of Age will be requested from anyone who appears to be under the age of 40. All identification cards used to prove age must be valid (i.e., may not be expired), and must be government-issued. If the identification card is expired or appears at all questionable to the employee, the employee shall request a second form of identification. The employee shall make sure that the individual purchasing the alcohol resembles the picture on the ID. All employees are encouraged to ask the customer questions relating to their identification in order to verify the information.

Control/Supervision of Customers Under 21

Alcohol will not be served to any customer who cannot produce adequate ID. If sharing a table with others who are consuming alcohol, employees will monitor the underage to ensure no consumption of alcoholic beverages occurs. Separate types of glassware will be used to distinguish alcoholic drinks from non-alcoholic drinks.

Customers Presenting False IDs

If the employee checking an ID has a strong suspicion that an ID is false, altered, or belongs to someone other than the person presenting the ID, he/she shall confiscate the ID and turn it over to management, to be presented to the police. Monetary compensation will be provided to any employee who confiscates what proves to be a false ID.

Customers Who Are Intoxicated

No employee may provide alcohol to any person who is publicly intoxicated, nor shall such a person be permitted on the premises. When a customer has been "cut off," the server will notify the owner,

manager, and any other employees. Management will support the server's decision to terminate service to any customer. If a customer is too impaired to drive safely, management will try to persuade the customer not to drive, and arrange for a safe ride. If the customer refuses, management will notify the Norfolk Police Department before the customer leaves, and if that is not possible, will provide a description of the person and the license plate number of the vehicle, if possible.

Handling of Disturbances

When a customer acts in a manner that is violent, abusive, indecent, profane, boisterous, or otherwise disorderly, management will ask the customer to leave. If necessary, the Norfolk Police Department will be called for assistance. Management will permanently refuse admittance to any chronic problem customer. Employees will also regularly monitor both the men's and women's bathroom facilities.

Other Circumstances Under Which The Police Should Be Called

The police will be called any time management or an employee has information leading them to believe a crime has been or is about to be committed and/or whenever a threat of or act of violence occurs on the premises or off premises in areas that would be considered in view or earshot of Grace O'Malley's.

A Neighborhood Establishment

The atmosphere, menu, bar, and music of Grace O'Malley's will provide an authentic Irish pub experience, which will fully complement the character and atmosphere of the Granby Street corridor and neighborhood. Customers of all ages will be welcome and encouraged to show the same respect for others that they are being afforded. Staff will be trained to be respectful and helpful, and will be knowledgeable of the surrounding area to assist visitors.

A. Summary of Request

- Granting this request will allow Toast, an existing restaurant, to make several modifications:
 - Increase the hours for alcohol and entertainment
 - Increase total capacity
 - Decrease indoor seating
 - Increase outdoor seating
 - Add two industrial containers to the site; converted to accommodate container-top dining
 - Add outdoor entertainment
- This request was originally continued from the August, September and November public hearings to the December public hearing to revise details of the special exception request and to allow for more communication with the civic league.

B. Plan Consistency

- The proposed special exception is consistent with *plaNorfolk2030*, which designates this site as commercial.
- The healthy and vibrant neighborhoods chapter of *plaNorfolk2030* calls for Colonial Avenue businesses to provide an active streetscape with reduced setbacks and screened parking.
- To be fully consistent with *plaNorfolk2030*, special exception should be conditioned to require continued maintenance of the pedestrian-scale elements along Colonial Avenue and to require additional screening of the parking areas fronting West 24th Street.
 - A condition is being added to require the installation of a sidewalk along West 24th Street.

C. Zoning Analysis

i. General

- The use is permitted in the C-2 district by special exception.

ii. Parking

- Off-street parking is shared amongst two uses in one structure; one residential unit that was previously approved in 2013 and the entertainment establishment with an expansion as proposed.
- The current parking regulations require eleven parking spaces, given the square footage of the establishment, and one space for the residential unit above.
 - The proposed site plan accommodates twelve parking spaces.
 - The applicant has secured an off-lot parking agreement with the adjacent site to the east.
 - The site would provide five additional parking spaces for the restaurant at times when both businesses are open, and 20 additional parking spaces at times when the neighboring business is closed.
- The *Zoning Ordinance* exempts outdoor dining from the off-street parking requirement due to the variable nature of the weather.
 - Therefore, the outdoor dining is required to remain open to the elements without accommodations for heating or cooling the space.

iii. Flood Zone

The property is located in the X Flood Zone, which is a low-risk flood zone.

D. Transportation Impacts

Institute of Transportation Engineers figures estimate that this restaurant will generate 43 fewer vehicle trips per day by decreasing total indoor seating at this location by nine seats below currently approved levels.

E. Impact on the Environment

- Site improvements shall include a new sidewalk along the West 24th Street frontage, tying-in with the existing sidewalks along West 24th Street and Colonial Avenue.
- The existing dumpster enclosure will be screened and landscaping installed along the base near the proposed sidewalk's edge.

F. Impact on Surrounding Area/Site

- Over the past year there has been one call for police service with no arrest made.
 - The call for service concerned a larceny report.
- The applicant has proposed outdoor entertainment to be permitted until 10:00 p.m. during the week and 11:00 p.m. on weekends, which is consistent with outdoor entertainment hours approved for similar applications.
 - There is a residential unit on the premises, above the restaurant, (which is currently home to the restaurant operator), and a nonconforming residential home to the north, located in the I-2 district, which has been vacant for several months.
- The applicant has also proposed outdoor entertainment on the roof of one of the containers.
 - The only rooftop entertainment option that has been approved at a similar establishment was for an unamplified band with hours no later than 10:00 p.m., seven days a week.
 - The applicant has proposed to move all amplification of the container-top entertainment to the ground level.
- Given the conditions which limits the hours of outdoor entertainment and focuses all amplification to the ground level, and given the two-block separation of the establishment from the surrounding residential, the proposal should not have an adverse impact on the neighborhood.
- However, consistent with similar applications for outdoor entertainment in the past, a condition should be added to limit the approval to 18 months, requiring the applicant to reapply after a year of operation in order to address any public concerns that may arise as a result of the outdoor entertainment.

G. Payment of Taxes

The owner of the property is current on all real estate taxes.

H. Civic League

- Notice was sent to the Park Place Civic League on July 15.
- The applicant presented the proposal to the Park Place Civic League on November 2.
- A letter of support was received from the Park Place Civic League on December 4.

I. Communication Outreach/Notification

- Legal notice was posted on the property on July 14.
- Letters were mailed to all property owners within 300 feet of the property on August 14.
- Legal notification was placed in *The Virginian-Pilot* on August 13 and August 20.
 - This item was continued from the August, September and November public hearings to the December public hearing.

J. Recommendation

Staff recommends **approval** of the special exception request subject to all of the following conditions being adopted, which should address the potential impacts on the surrounding area, including a provision to require the applicant to reapply after a year of operation, in order to address any public concerns that may arise as a result of the outdoor entertainment.

Entertainment Establishment Conditions

- (s) The establishment shall maintain a designated driver program which shall provide, at minimum, that designated drivers may be served non-alcoholic beverages at no charge. The representations made in "Exhibit A" shall be binding upon all owners, operators and managers who operate and/or manage the premises covered by this special exception. Should any owner, operator or manager desire to operate the business in a manner different than as represented in "Exhibit A," a new special exception must be obtained prior to implementing such change. Where any limitation or representation contained in "Exhibit A" is inconsistent with any condition of this ordinance, the conditions of this ordinance shall govern.
- (v) The violation of any requirement, limitation, or restriction imposed by the Virginia ABC Commission shall be deemed a violation of this special exception. This special exception may be revoked for any violation of a general or specific condition, including a condition incorporated by reference and including a condition arising from requirements, limitations, or restrictions imposed by the ABC Commission or by Virginia law.

Or is the Park Place support below only in regards to John Porter's new venture at 428-430 W. 24th Street?

A. Summary of Request

The applicant proposes to re-establish a non-conforming accessory dwelling unit that was destroyed by fire.

B. Plan Consistency

- *plaNorfolk2030* identifies this site as single family traditional.
 - The identifying land use strategies chapter of *plaNorfolk2030* identifies the single family traditional land use category as a location for single family detached development characterized by houses set back a moderate distance from the street with driveways leading to rear garages on lots of 50 to 70 feet wide and approximately 4,000 to 7,500 square feet.
- Although the construction of a second dwelling unit on the property inconsistent with *plaNorfolk2030*, the proposed Special Exception will allow for the reconstruction of a previously existing historically consistent accessory dwelling unit which is clearly incidental to the existing single-family residence.

C. Zoning Analysis

i. General

- In April 2015, the existing legally non-conforming garage with an accessory dwelling unit on the second floor was destroyed by fire.
 - The original accessory structure was built in 1916.
 - In 1948, the structure is noted to have been a two story brick and frame garage apartment.
 - The 1950 Zoning Ordinance had this area zoned R-3 which permitted one and two family structures.
 - The use was established and existing when the zoning of the property allowed the use as a matter of right; this it is a legally nonconforming structure and use.
- The current HC-G1 zoning does not permit accessory dwelling units.
- In section 12-9, "Discontinuation of nonconforming uses" of the *Zoning Ordinance*, a non-conforming use may be reconstructed and resumed if the following criteria are met:
 - The non-conforming use has not been discontinued for more than 10 years;
 - The building is/was historically or architecturally significant; and
 - A special exception has been granted
- The applicant proposes to rebuild the accessory structure and resume the previous non-conforming accessory dwelling unit with a special exception.
- In section 12-8.2 of the *Zoning Ordinance*, nonconforming structures that have been destroyed by an act of God may be rebuilt if:
 - The nonconforming features are reduced to the greatest extent possible;
 - The reconstruction is completed within two years of the destructive event; and
 - The reconstruction must comply with required building codes and floodplain regulations.

- The proposal will eliminate the encroachment of the previous building into the right-of-way, meet all required setbacks for accessory structures, and upgrade the building to meet the floodplain requirements.
 - The parking will match what previously existed on the site although it remains non-conforming given the uses.
 - The parking will remain nonconforming to allow for the new structure to match the massing and layout of the historic structure that was destroyed by fire.
- ii. Historic Impacts
- The historic carriage house was destroyed by fire in April 2015.
 - In order to build or rebuild any structure visible from the right-of-way within the HC districts, a Certificate of Appropriateness (COA) must be obtained.
 - The applicant has received approval from the Architectural Review Board (ARB) for a COA to rebuild the carriage house subject to the following conditions:
 - The wall section shall be a continuously vertical from top to bottom;
 - The pergola shall be reduced in scale and painted a dark color;
 - The window pattern shall be 4/4 on the double hung windows and 3 on the awning windows;
 - The trim shall be wood above the design flood elevation;
 - Half round gutters with round downspouts are to be used; and
 - Roof material shall be fiberglass.
- iii. Parking
- The residence is located within the Traditional Character District, which requires two parking spaces per dwelling unit.
 - In order to allow for replacement of the historic carriage house, the property will remain nonconforming to the off-street parking requirements.
 - Parking for both the residence and the accessory dwelling unit will be accommodated inside the proposed carriage house.
- iv. Flood Zone
- The property is in the AE (Elevation 7.6, NAVD '88) Flood Zone.
 - The carriage house will be required to meet all floodplain requirements including flood vents in the first floor and flood resistant construction to the design flood elevation of 10.6.
 - The replacement of the carriage house will be more resilient to flood waters with the required design elements.

D. Transportation Impacts

No new trips are forecast related to the proposed re-establishment of the previous use and structure on the site.

E. Impact on the Environment

- The existing site meets the requirements for lot coverage within the HC-G1 district.
- There should be no noticeable impact to the surrounding on street parking since the design will be no different than what has been on the site since 1916.

F. Impact on Surrounding Area/Site

By requiring this use to conform to the conditions listed below, the proposed reconstruction of the accessory dwelling unit above the garage should not have a negative effect on the surrounding neighborhood.

G. Payment of Taxes

The owner of the property is current on all real estate taxes.

H. Civic League

- Notice was sent to the Ghent Neighborhood League on October 28.
- The applicant met with the civic league on September 24 and November 12.

I. Communication Outreach/Notification

- Legal notice was posted on the property on November 10.
- Letters were mailed to all property owners within 300 feet of the property on November 25.
- Legal notification was placed in *The Virginian-Pilot* on November 26 and December 3.

J. Recommendation

Staff recommends that the special exception request be **approved** subject to the conditions shown below:

- (a) The accessory dwelling unit at 533 Mill Street and the residence at 517 Warren Crescent shall stay in common ownership to ensure there is no reduction in the on-site parking.
- (b) The site improvements shall be installed in accordance with site improvement plan, attached hereto and marked "Exhibit A."
- (c) Reconstruction of the carriage house shall be completed by April 21, 2017.

- (r) The violation of any requirement, limitation, or restriction imposed by the Virginia ABC Commission shall be deemed a violation of this special exception. This special exception may be revoked for any violation of a general or specific condition, including a condition incorporated by reference and including a condition arising from requirements, limitations, or restrictions imposed by the ABC Commission or by Virginia law.

Subject: **Amendments to the Code of the City of Norfolk, Virginia, 1979, as amended; Chapter 5. – “Amusements;” Article II. – “Public Dance Halls;”** to remove Section 5-23 “Minimum seating requirements”, and Section 5-26 “Minors prohibited if alcoholic beverages are sold; exception”; and to amend Section 5-22.1 “Security requirements”, section 5-24 “Closing hours”, Section 5-40 “Application generally”, and Section 5-42 “Referral of application to City Manager.”

Reviewed:

Item Number: **R-11**

I. **Staff Recommendation:** Approval

II. **Request:** An ordinance to remove the mandatory minimum seating requirements and the prohibition of minors whenever alcoholic beverages are served or sold at public dance halls.

III. **Applicant:** City of Norfolk.

IV. **Description:**

- This agenda item is to amend Chapter 5, Article II of the City Code in order to remove certain operational requirements for public dance halls that have been largely superseded by the modern practice of regulating through the special exception permit process.
 - In particular, an application for a special exception to authorize the operation of an Entertainment Establishment known as “Mambo Room” at 419 West 22nd Street includes a full roster of operational conditions to mitigate any negative impacts that might otherwise result.
 - Although the Mambo Room is essentially a dance school, it technically meets the definition of a “public dance hall” under City Code because it will be open to the public on occasions when special events and performances are being held.

V. Analysis

- The City first began regulating the operation of public dance halls in 1919.
 - The law at that time prohibited people who were “under the influence of liquor” or “not of good fame” from being inside the dance hall.
- In 1944, the City added more limitations, including a rule prohibiting minors in the hall whenever “alcoholic beverages are sold or dispensed for consumption.”
- The next amendment to these rules, adopted in 1967, added a requirement that the dance hall provide one seat for every patron “present at any one time.”
- A survey of other Virginia cities shows that, in addition to Norfolk, Newport News, Richmond, Roanoke, Suffolk, and Virginia Beach all impose operational rules for dance halls.
 - However, none of the other cities impose a mandatory minimum seating requirement.
 - Because Norfolk carefully regulates Entertainment Establishments through its special exception process, the minimum seating rule adopted in 1967 and the prohibition against minors adopted in 1944 have effectively been obviated by the more specialized conditions imposed in the special exception.
 - Therefore, it is recommended that these older, less precise attempts to mitigate negative impacts that may be caused by public dance halls be eliminated.
 - This ordinance accomplishes that change.

VI. Financial Impact

Not applicable.

VII. Environmental

Not applicable.

VIII. Community Outreach/Notification

This Agreement is made as of this 21st day of August, 2013 by and between the Virginia Department of Emergency Management, hereinafter called "VDEM," and City of Norfolk herein after called the "Sub-grantee."

The parties to this Agreement, in consideration of the mutual covenants and stipulations set out herein, agree as follows:

(1) GENERAL PROVISIONS:

This Agreement is a sub-grant award of federal funds from VDEM to the sub-grantee. VDEM has received a grant from the Department of Homeland Security Federal Emergency Management Agency Hazard Mitigation Grant Program, Catalog of Federal Domestic Assistance Number 97.039. The sub-grantee shall implement the project as set forth in the grant Agreement documents. These documents consist of:

- (1) Executed Grant Agreement;
- (2) Scope of Work, Attachment A;
- (3) Project Budget, Attachment B;
- (4) Milestone Table, Attachment C; and
- (5) Grant Assistance Agreements and VDEM-FEMA General Terms and Conditions and Assurances; Attachment D.

State agencies acting as the sub-grantee shall report all federal funds received as part of this Agreement as federal pass-thru funds on their agency's Schedule of Federal Assistance.

Nothing in this Agreement shall be construed as authority for either party to make commitments, which will bind the other party beyond the Scope of Work contained herein. Furthermore, the sub-grantee shall assign, subcontract, or subcontract any work related to this Agreement or any interest it may have herein with full compliance with federal and state procurement regulations. The schedule of service set forth in the Scope of Work and Milestone Table shall be deemed to have been consented to, as required by the preceding sentence, upon the execution of this Agreement by VDEM.

(2) SCOPE OF WORK:

The sub-grantee shall provide the service to VDEM set forth and summarized in the Scope of Work (Attachment A) and Milestone Table (Attachment C). All deliverables shall conform to accepted standards and practices. If there is any change in the original scope of work, a formal request must be made to VDEM for review and approval prior to implementing the change. These attachments are consistent with the original VDEM-FEMA (Federal Emergency Management Agency) grant project application. The sub-grantee shall provide VDEM with quarterly reports and a final report on the progress of work set forth in the Scope of Work. The quarterly reports and final report shall contain the following components: (1) a narrative describing in detail the progress of the sub-grantee in fulfilling the provisions of the Scope of Work; (2) Reimbursement Requests as needed that itemize the expenses incurred by the sub-grantee, including separate columns for the federal, state, and the sub-grantee's matching contribution to the total cost of services as reflected in the Project Budget-Attachment B; and (3) the schedule of specific project tasks with target completion dates and actual completion dates (Milestone Table - Attachment C). The first quarterly report is due to VDEM at the end of the first complete quarter following the award of the grant.

The sub-grantee is aware of and shall comply with cost-sharing requirements of federal and state mitigation grant assistance; specifically that federal assistance is limited to 75% of eligible expenditures, state assistance (as reimbursed through the Virginia Department of Emergency Management) is limited to 20% of eligible costs, and the sub-grantee shall provide from the sub-grantee's funds 5% of eligible costs. The non-federal funds must be from a non-federal funding source and can be completely fulfilled by in-kind services as long as financial records document them as such.

VDEM shall release the grant award to the sub-grantee on a cost-reimbursement basis upon receipt and approval of the sub-grantee's quarterly and final reports and deliverables as required by this Agreement or at other times agreed to by VDEM. Any cost overruns incurred by the sub-grantee during the time of performance shall be the responsibility of the sub-grantee. The sub-grantee shall spend the funds according to the specified categories of the contract budget. The sub-grantee shall use mitigation grant funds solely for the purposes for which these funds are provided and as approved by FEMA and VDEM. General policies for determining allowable costs are established in 44 Code of Federal Regulations (CFR), Part 13.22 (included in Attachment D) and the appropriate OMB circulars that identify cost principles for different kinds of organizations. Minor shifts of the funds among categories by the sub-grantee, not to

exceed 10% of any budget line item are permissible, but in no case can the total expenditures exceed the amount provided by this contract. Shifts in funds exceeding 10% among budget line items must be approved in writing by VDEM.

(5) ASSISTANCE:

VDEM agrees upon request of the sub-grantee to furnish, or otherwise make available to the sub-grantee, copies of existing non-proprietary materials in the possession of VDEM that are reasonably related to the subject matter of this Agreement and are necessary to the sub-grantee for completion of its performance under this Agreement. VDEM Recovery and Mitigation Division staff will provide technical support to the sub-grantee and make periodic site visits to monitor progress.

Acknowledgement of financial assistance, with VDEM and FEMA logos, must be printed on all reports, studies, web sites, and other products (including map products) supported, in whole or in part, by this award or any sub-award. The sub-grantee is responsible for contacting VDEM staff in adequate time to obtain the logo in camera-ready or digital form. The final draft must be approved by VDEM staff prior to production. These requirements can include deed restrictions, operation and maintenance plans, and insurance requirements, as dictated by the specific grant and project requirements.

(9) BREACH AND TERMINATION:

In the event of breach by the sub-grantee of this Agreement, VDEM shall provide written notice to the sub-grantee specifying the manner in which the Agreement has been breached. If a notice of breach is given and the sub-grantee has not substantially corrected the breach within 60 days of receipt of the written notice, VDEM shall have the right to terminate the Agreement. The sub-grantee shall be paid for no service rendered or expense incurred after receipt of the notice of termination, except such fees and expenses incurred prior to the effective date of termination that are necessary for curtailment of its work.

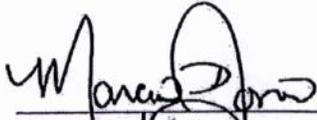

under the Agreement. Termination of this Agreement can occur as an effect of one of two results: First, as a result of the proper completion and closeout of this project. Second, termination may occur as a result of *Termination for Convenience* or other termination as allowed or required by 44 CFR for projects, which cannot be completed as described in the FEMA-approved grant project application and the Scope of Work – Attachment, herein. Project Title: Elevation of 4 Residential Structures

Project Description from VDEM-FEMA HMGP application:

This project offers the most efficient and cost effective plan for elevating the vulnerable dwelling from the floodplain entirely. The elevation will significantly reduce future flood claims. The structure will be elevated 1 foot above the 100-year flood elevation. Consequently, the future flooding will be reduced, thus mitigating further damage and future flood claims. Many of the associated health issues, risks and long-term hazards could be significantly reduced by elevating the home. In addition, the damage from hazardous materials leaking into the ground and the Chesapeake Bay will be substantially reduced.

Properties included in this project:

- 1210 Richmond Crescent, Norfolk, VA 23508 – (Donna Woodward – Owner)
- 1503 Lea View Avenue, Norfolk, VA 23503 – (Deborah and Dennis Marston – Owners)

I. Recommendation: Adopt Ordinance

II. Applicant: City of Norfolk

III. Description:

This agenda item is an ordinance to authorize the appropriation and expenditure of \$126,522.00 in grant funds and approve a grant agreement between the City of Norfolk ("City") and The d'Art Center ("d'Art").

IV. Analysis

In April 2015, an explosion heavily damaged the Selden Arcade building (the "Selden") which then caused the displacement of all of its tenants to include d'Art. Since then, while repairs were busily being made to Selden, d'Art sought a more permanent location as with each passing month meant less potential revenue being generated by art sales, classes and/or events. They recently found a property that is located in the Arts District and meets their immediate needs: 740 Duke Street.

As per d'Art's website, they have been connecting not only to Norfolk's residents but many more cities and people with their art for more than twenty (29) nine years. To ensure that d'Art may continue to provide said services, the City recommends granting d'Art the necessary monies to help them pay the rent at 740 Duke Street for two years which will also enable even more artists to be housed in the Arts District.

V. Financial Impact

Under certain terms and conditions, the City will grant d'Art \$126,522.00 to help offset the rental expenses associated with 740 Duke Street. The City will disburse the grant monies to

d'Art monthly. If d'Art ceases to occupy 740 Duke Street for any reason whatsoever, the payment of the grant funds will cease.
