

COUNCIL UPDATE
October 3, 2006

New Traffic Pattern Provides Better Access for Businesses - The Department of Public Works' Division of Transportation has altered the traffic pattern on Charlotte Street between Granby Street and Bute Street. Charlotte Street has been changed from a one-way street to a two-way street to allow for better access to businesses in the vicinity. This change is necessary because of the closure of Bute Street at Boush Street. This new traffic pattern is expected to remain in place during the Granby Tower construction and will be reevaluated after construction is completed.
