

## Chesapeake Blvd & Sheppard Ave. Intersection Improvements UPC 120908

### Location

Chesapeake Blvd & Sheppard Ave.

### Project Benefits

This project will make improvements to signalized intersection including new southbound left turn lane, traffic signal upgrade, pedestrian signals, and crosswalks at Chesapeake Blvd & Sheppard Ave

### Scope of Work

This project will replace the existing span wire signals with new traffic signal poles and mast arms at the intersection of Chesapeake Blvd & Sheppard Ave. Additional improvements include the addition of pedestrian signals and modifications of existing pedestrian ramps to meet current ADA compliance standards

### Project Status

Design

### Project Schedule

- Anticipated advertisement: Fall 2028
- Anticipated start: Fall/Winter 2028
- Anticipated completion: TBD

### Project Funding

Revenue Sharing (State)  
\$3,465,542.00

### Construction Impacts

Temporary lane closures will be required.  
Pedestrian detours will provide safe passage for  
pedestrians through the intersection.

### Civic Engagement

- Ward 5 (Councilman Smigiel)
