Project Update — Water and Sanitary Sewer Infrastructure Improvements in East Ocean View

7/29/19

The \$1.9 million water and sanitary sewer improvements currently underway in the East Ocean View neighborhood have been delayed due to unforeseen conflicts with existing utilities in the area.

Current work in progress: Grading and pavement restoration along 19th Bay Street

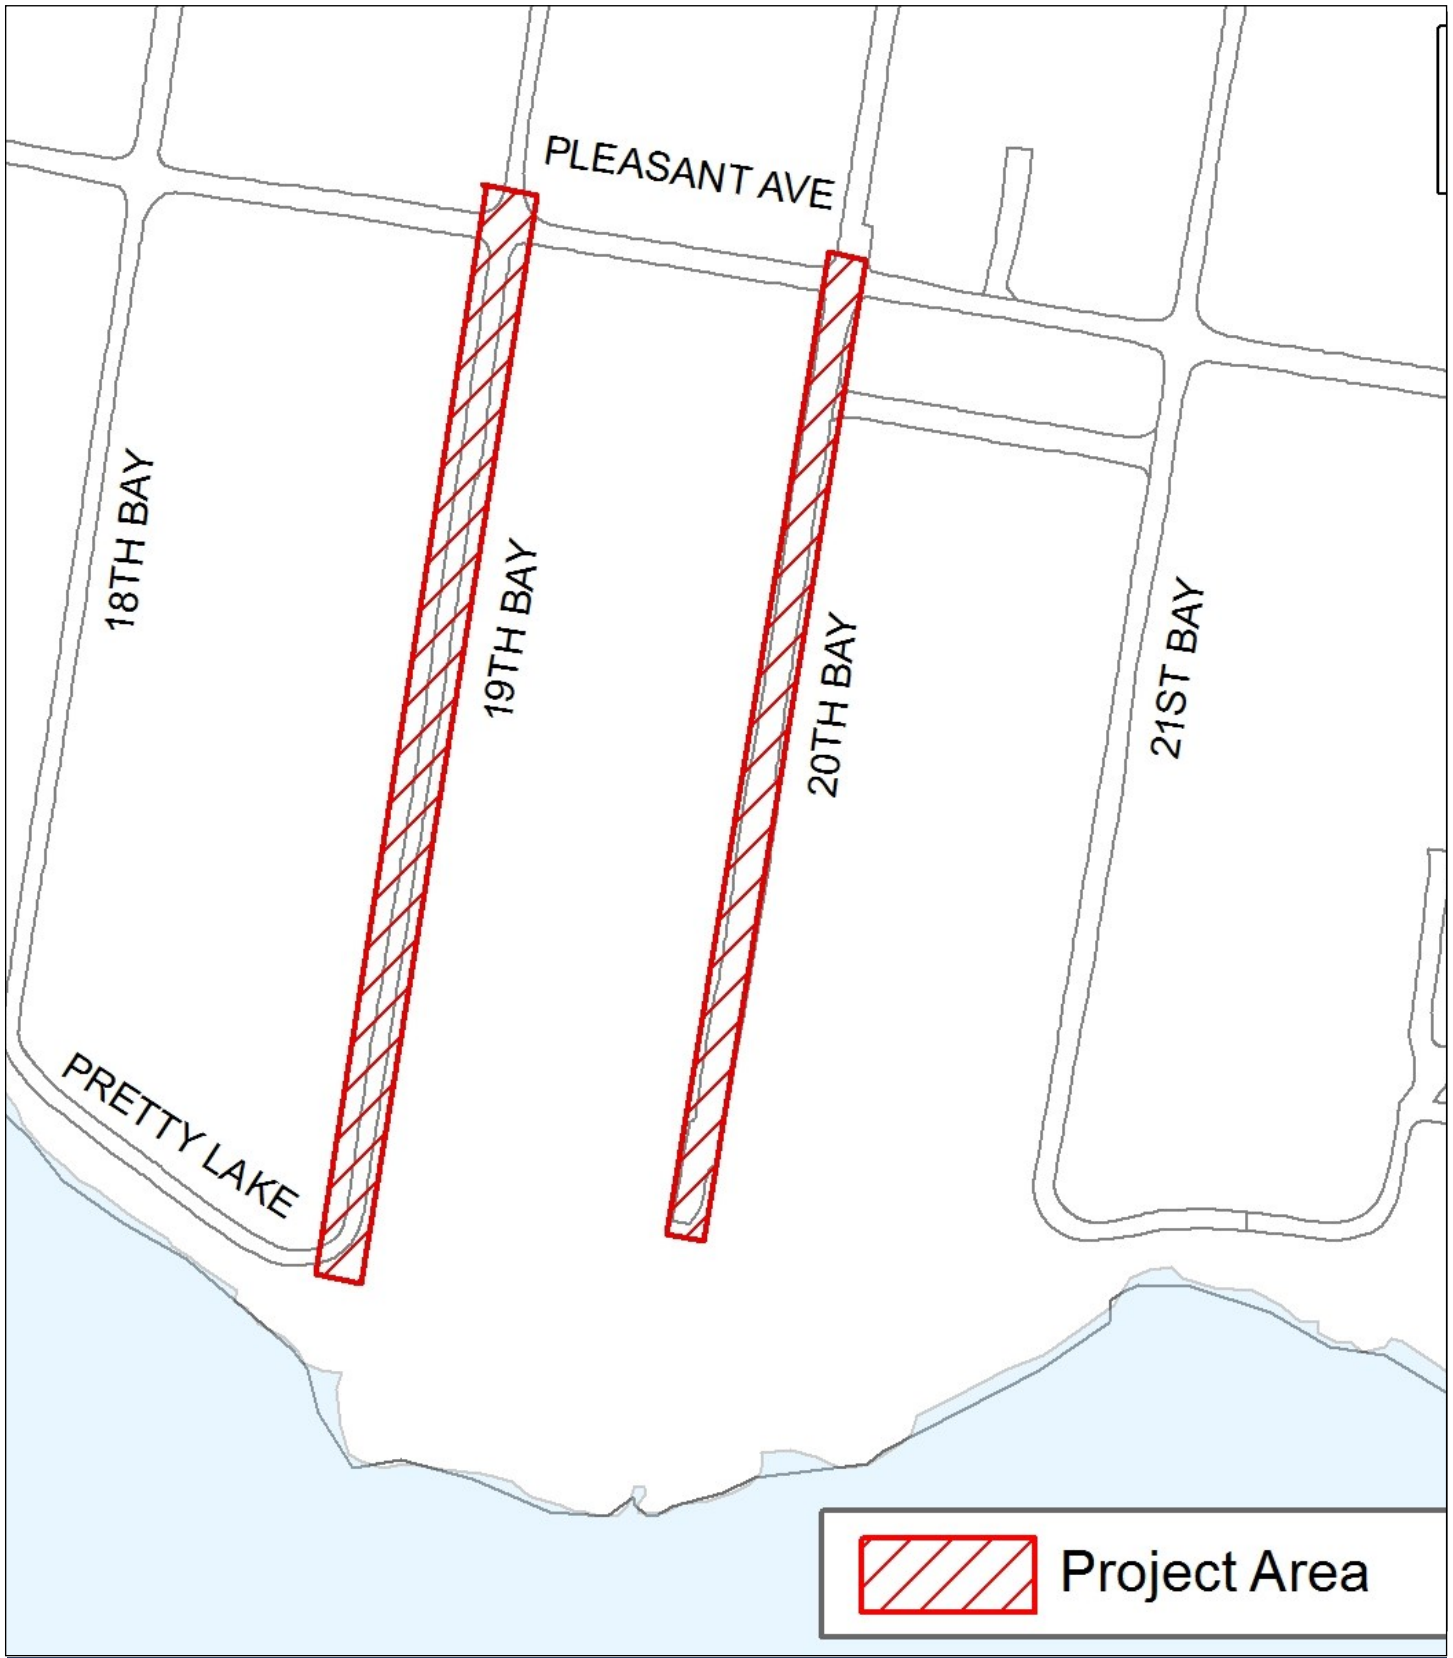

Future work planned: Water and sewer replacement along 20th Bay Street (to begin in September 2019)

Anticipated completion: February 2020

We continue to work closely with the contractor to complete the work quickly while minimizing adverse impacts to the community.

If you have any questions or concerns, please do not hesitate to contact the City's on-site construction inspector, Mike Gomes. He can be reached by cell phone at 390-7535 to respond quickly. You may also contact the project manager, Gabriel Phelps, at 664-6737 or gabriel.phelps@norfolk.gov.

Visit www.norfolk.gov/utilities for more information.
