

Brambleton Ave and Park Ave Intersection Improvements (UPC 111019)

Location

Brambleton Avenue and Park Avenue Intersection

Project Benefits

This project will increase the intersection traffic capacity and reduce traffic congestion along a critical section of Brambleton Avenue restricted by the I-264 interchange to the east and the Norfolk Southern underpass to the west.

Scope of Work

This project will add a right-turn lane from northbound Park Avenue onto eastbound Brambleton Avenue (US 460), enabling traffic signal operations improvements that will increase intersection traffic capacity.

Project Status

Preparing ordinance package to accept funds

Project Schedule

Design will begin in late 2020.

Project Funding

[SMART SCALE](#)

\$ 594,000

Construction Impacts

- Temporary lane closures will be required.
- Pedestrian detours will provide safe passage for pedestrians through the intersection.

Civic Engagement

- Ward 4 (Councilman Paul R. Riddick)
- Superward 7 (Councilwoman Angelia Williams Graves)
- Central Brambleton, South Brambleton, Tidewater Gardens, and Calvert Square Civic Leagues
