Commissioner of the Revenue

"Providing Superior Service and Quality to the Citizens of Norfolk"

Mission Statement

The Commissioner of the Revenue assesses various taxes pursuant to state and local law and strives to fairly and efficiently assist Norfolk residents and business owners.

History of the Office

The primary responsibility of this office is the assessment of City and State taxes. The Commissioner of the Revenue holds office as an agent for the state, as well as the local government, and is the assessing officer on the local level for those taxes as prescribed by State law and City Ordinance.

The office of the Commissioner of the Revenue was provided for in Virginia's Constitution in 1869. By 1906, the Virginia General Assembly had made it an appointive office, to be appointed by the local court. A Constitutional Amendment in 1910, changed the appointive method to elective for a four year term. In 1926, the General Assembly reduced the number of county Commissioners to one per county, conforming to the cities, making a total of one hundred and thirty four. In 1932, the General Assembly set up the basis of compensation for Commissioners, with both the State and City participating.

The Commissioner of the Revenue Office provides service and assistance to citizens and businesses on tax-related issues. Norfolk citizens use this office and depend on it to assist them with both State and City tax-related concerns. As a bridge between our City Council members and our State Legislators, this office serves to protect the City and the taxpayers. Delinquent Business Licenses - Includes paid delinquent licenses collected by Tax Compliance.

Delinquent Meal Taxes - Includes paid delinquent meal taxes collected by Tax Compliance.

Inquiry Visits - Includes contact made by Tax Compliance in person and via mail for collections of lodging taxes, yard sales, business property, complaints, bonds and court.

Discovery - Includes businesses without business licenses discovered by Tax Compliance. Tax Compliance ensures businesses properly establish accounts, if required.

Paid Delinquent Meal Taxes: this was the first year that meal tax collection became a joint effort with the Treasurer's office. The increase reflects the collection efforts.

COVID-19 severely affected our Tax Compliance busy season. Visits and calls were halted and delinquent statutory assessments were postponed. This affected our collections of delinquent business licenses.

- ◆ **Bank Franchise Tax** - This tax is imposed on banks with offices in Norfolk. The rate is based on the percentage of deposits through the principal office and/ or branches located in Norfolk as of January 1. The tax is 80% of the state rate of taxation (\$1 per \$100 of net capital) on each \$100 of the net capital of each bank located in the city. The tax is due annually on, or before, June 1st.
- ◆ **Franchise Fee** - A franchise fee, in the amount of 3% of gross receipts, is collected annually from public service telephone companies. Payment of the tax allows the telephone company to use the localities' rights of way for the placement of their telephone equipment.
- ◆ **Utilities** - Utility taxes collected during each calendar month are reported, and paid, by each utility company on, or before, the 27th day of the second month following collection. Electric and gas companies base the amount of the utility tax on kilowatts per hour of electricity (kWh) and cubic feet of natural gas (CCF) consumed, as applicable. The schedule of taxation rates for utility companies is as follows:

Utilities - Residential

Electric - \$1.75 + .016891 per kWh not to exceed \$3.75 per month
Natural Gas - \$1.50 per month
Water - 25% of the first \$22.50

Utilities - Business

Special Taxes - State & City Duties

- ◆ **Communications Sales Tax** - Beginning in January 2007, the Department of Taxation assumed control of the charging and collection of State Communication Sales and Use Tax. This action replaced localities' ability to charge Utility Tax on Landline Telephone services, Wireless Telephone services, Cable Television services along with the Franchise Fee charged to the Cable Television industry and the 911 fee.
- ◆ **Consumption Tax** - Beginning January 2001, as part of the deregulation of the electric and gas industries in Virginia, three existing taxes; the Local Utility License Tax, the State License Tax, and the State Regulatory Tax, were replaced with just one tax, The Consumption Tax. This tax is applied on the number kilowatt hours of electricity or the number of cubic feet of natural gas actually used by the customer. Consumers are taxed now strictly on usage rather than the fluctuating price of energy.
- ◆ **Public Service Corporation** - Personal & Real Property taxes are imposed on public service corporations such as utility and railroad companies. These rates are set by the Virginia General Assembly and valued by the State Corporation Commission. The Commissioner of Revenue is responsible for verification of taxable assets and for classifying those assets in accordance with the asset type. The real property taxation rate is \$1.11 per \$100 and the personal property taxation rate is \$4.33 per \$100.
