

# Waste Management Tonnage

The Department of Public Works' Division of Waste Management provides refuse collection services to residential units, select small businesses, multi-family dwellings and for select City-owned locations.

Waste Management plays a critical role in maintaining the City of Norfolk's cleanliness by collecting/managing :

- Household Waste
- Bulk and Yard Waste Collection
- Curbside recycling, contracted through TFC Recycling
- Beach trash collection

Waste Management also utilizes inspectors to educate residents on how to properly set-out their waste according to the City Code to prevent litter and ensure that solid waste is disposed of safely.

## Waste Management Solid Waste Collection Fiscal Years 2016 - 2022

Did you know that the largest land animal, the African Bush Elephant, weighs **6.5** tons? Waste Management collected the equivalent weight **7 African Bush Elephants** in Fiscal Year 2021. That's a lot of trash!

\*FY 2022: July 2021—March 2022
