

# JANAF PLACE DRAINAGE IMPROVEMENTS

## LOCATION

Framment Avenue from Janaf Place to Lake Taylor

## PROJECT INFORMATION

The project will upgrade the storm drainage infrastructure in a residential neighborhood. The upgrades will improve the collection, movement, and discharge of stormwater runoff to reduce flooding.

## SCOPE OF WORK

- Install new storm drainage conveyance system consisting of pipes and structures
- Remove/replace portions of curb and gutter, and sidewalk
- Asphalt mill and overlay & pavement patch

## PROJECT STATUS:

**COMPLETE**

## PROJECT SCHEDULE

**Start Date: June 2023**

**Completion Date: Late 2024**

## PROJECT COST

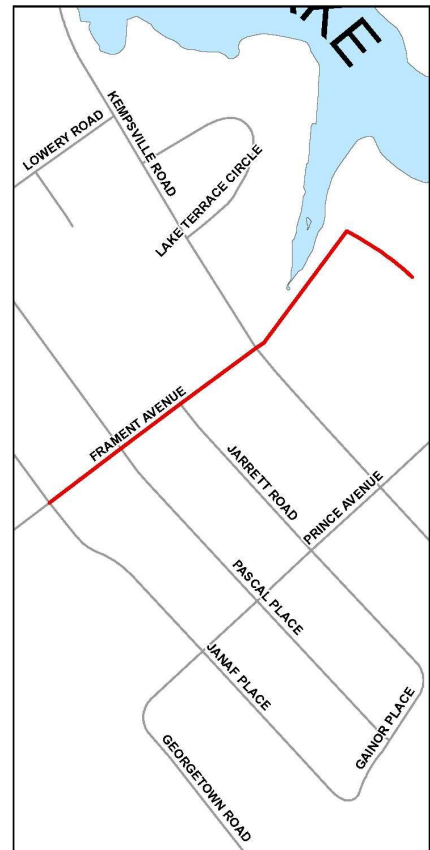

\$3,774,785

## CONSTRUCTION IMPACTS/TRAFFIC

- Access to residences will be maintained
- Trash and recycling services will continue as normal
- Motorists should expect detours during the various stages of construction

## NEIGHBORHOOD CIVIC LEAGUE

- Lake Taylor Civic League
- Ward 4
- Superward 7
