The City of Norfolk’s Department of Utilities is in the early phases of planning a project to replace aging water and sanitary sewer infrastructure in your neighborhood. The project (area shown on the map on the back) will include surveying along Grandy Avenue from Lafayette Boulevard to Tait Terrace.

**Project Details:**
- Engineering Consultant: RK&K
- In design phase; construction has not yet been scheduled
- Survey crews will work in the project area over the next few months.
- Crews may need to access the exterior of your property to identify property boundaries, easements and surface features.
- **At no time will surveyors request to enter your home.**
- We will provide an update when construction has been scheduled.

If at any time you have questions or concerns, please do not hesitate to contact the City’s Project Manager, Ibrahim Karaaslan, at 757-266-9596 or ibrahim.karaaslan@norfolk.gov.
