

## Granby Street Bike Lanes—Willow Wood Dr. to Admiral Taussig Blvd.

### Location

Granby Street between Willow Wood Drive and Admiral Taussig Blvd

### Project Benefits

The proposed bicycle facility improvements will improve safety and multimodal connectivity.

### Scope of Work

- Implement Segment 3 of the Granby Street corridor in the 2015 Norfolk Bicycle and Pedestrian Strategic Plan (part of PlaNorfolk2030)
- Repurpose one travel lane in each direction with dedicated bicycle lanes, including physical barriers between bicycle and vehicle lanes
- Construction mainly consisting of pavement marking, roadway signage, and barrier installation within existing roadway limits
- Potential for minor, localized adjustments to existing curb, medians, and sidewalk

### Project Status

Project design is nearing completion. Project advertisement anticipated in early 2025 once VDOT approves plans.

### Project Schedule

- Project Development Public Meetings: 2021 (multiple)
- Design start: Early 2022
- Anticipated construction start: Spring 2025
- Anticipated construction completion: Early 2026

### Project Funding

SMART Scale funding (100% Federal/State) - \$822,000

Local funding - \$1,594,000

### Construction Impacts

- Two-way traffic will be maintained on Granby Street and side streets during construction.

### Civic Engagement

- Ward 1 (Councilman Thomas)
- Ward 2 (Councilwoman Doyle)
- Superward 6 (Councilwoman McClellan)
