

## Church Street Pedestrian Improvements (UPC 117038)

### Location

Church Street from E. Olney Road to Nicholson Street

### Project Benefits

The project will improve pedestrian accommodations to increase pedestrian safety.

### Scope of Work

This project will make improvements to signage and construct a mid-block crossing along 1/4 miles of Church Street.

### Project Status

Construction

### Project Schedule

- Design Start: Spring 2023
- Construction Start: Fall 2023
- Project Completion: Winter 2024

### Project Funding

Virginia Department of Transportation (VDOT) Transportation Alternatives Program (TAP)  
\$ 492,802 VDOT

### Construction Impacts

- Temporary lane closures will be required.
- Pedestrian detours will provide safe passage for pedestrians through the intersection.

### Civic Engagement

- Ward 4 (Councilman John E. "JP" Paige)
- Super Ward 7 (Councilwoman Danica J. Royster)
