Emergency Sewer Replacement Update — W Little Creek Road

6/5/2024

Due to unforeseen conditions underground, the start of construction to replace a failing sewer main along W Little Creek Road, from Gloucester Avenue to Bondale Avenue, was delayed. The updated project information is shown below and the project area is shown on the map on the back.

Planned Start of Construction: June 2024

Anticipated End of Construction: November 2024

Access: Access to residences and businesses will be maintained throughout construction.

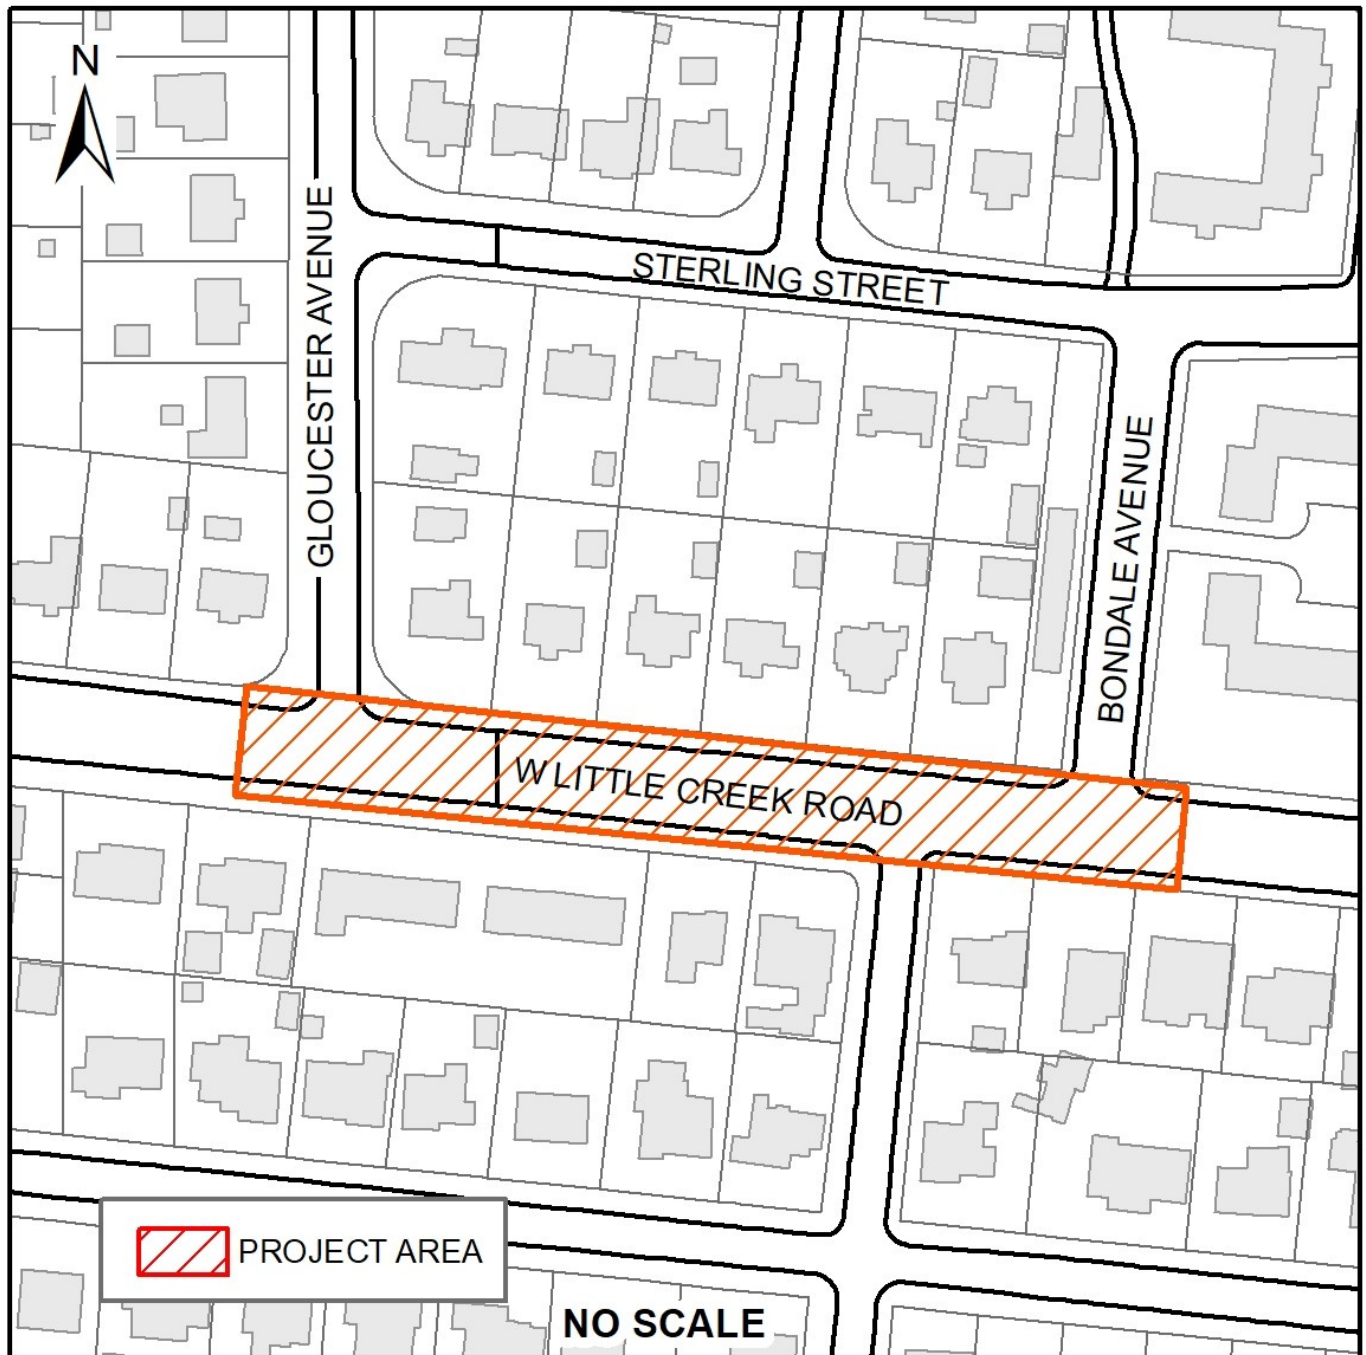

Additional Impacts: Two lanes of W Little Creek Rd will be closed for the duration of the project. One travel lane in each direction will be open to traffic.

The City and our contractor will do our best to minimize the unavoidable disruptions associated with construction.

If you have any questions or concerns, please do not hesitate to contact the city's on-site construction inspector, Charles Davis. He can be reached by cell phone at 757-647-9940 to respond quickly. You may also contact the project manager, Gabriel Phelps, at 757-354-7726 or at Gabriel.Phelps@norfolk.gov.
