

Duffy's Lane HRT Transfer Center Relocation

Location

Duffy's Lane HRT Transfer Center

Project Benefits

This project will relocate the existing HRT transfer center on Duffy's Lane to 111 West Ocean View Ave in front of Norfolk Public Library.

The relocation will provide better station visibility, and increased pedestrian and rider experience. The improvements include enhanced lighting, security cameras, and landscaping appropriate for an HRT transfer station. No changes to bus schedule or service levels are proposed because of the relocation.

Scope of Work

Relocation of an existing bus transfer station located on Duffy's Lane one block south of West Ocean View Avenue to the southeast corner of Duffy's Lane and W. Ocean View Ave in front of the Mary D. Pretlow Norfolk Public Library.
