

Lake Taylor Sidewalk Improvement (UPC 113751)

Location

Along Titans Way, near Lake Taylor High School, Middle School, and sports fields.

Project Benefits

The project will connect pedestrian traffic along Kempsville Road to the Middle School, High School, and the athletic fields, which are used frequently by students and the public.

Scope of Work

This project will provide a 5-ft wide concrete sidewalk along the north side of Titans Way from Kempsville Road to Lake Taylor High School, a distance of approximately 1200 LF. The project will construct ADA ramps on the north side of the intersection, cross Kempsville Road and continue along the north side of Titans Way.

The project will also construct sidewalks, ADA ramps, and crosswalks on the south side of the intersection. Drainage improvement in the construction areas will be taken under consideration.

Project Status

Under construction

Project Schedule

- Design Start: Spring 2023
- Construction Start: August 2024
- Project Completion: June 2025

Project Funding

Highway Safety Improvement Program (HSIP)
\$ 969,464.00

Construction Impacts

- Temporary lane closures will be required.
- Pedestrian detours will provide safe passage for students and the public.

Civic Engagement

- Ward 4 (Councilman John E. "JP" Paige)
- Super Ward 7 (Councilwoman Danica J. Royster)
