

## Tidewater Drive and Easy Street Safety Improvements

### Location

Intersection of Tidewater Drive and Easy Street

### Project Benefits

This project will improve the intersection by installing pedestrian signals, constructing sidewalk and ADA ramps, and adding additional pavement markings.

### Scope of Work

The proposed improvements at this intersection will consist of:

- Updating the existing non-compliant curb ramps to meet current ADA standards.
- Installing pedestrian signal heads and pushbuttons
- Updating the existing pavement markings primarily focusing on crosswalk updates.

### Project Status

Under design

### Project Schedule

- Design Complete: Fall 2024
- Construction Start: Fall 2026
- Project Completion: Fall 2027

### Project Funding

Highway Safety Improvement Program (HSIP)

100% Fully Funded

\$658,100

### Construction Impacts

- Temporary lane closures will be required.
- Pedestrian detours will provide safe passage for the public.

### Civic Engagement

- Ward 1 (Councilman Martin A. Thomas, Jr.)
- Super Ward 7 (Councilwoman Danica J. Royster)
